Imperial Council of Mystic Shrine Closes Its Session; Brilliant Review in Park

SACRAMENTO SHRINERS TO GET CHARTER

Applications Turned Down From Eight Other Cities By Imperial Council; Temples Held Sufficient

Nobles Set New Mark For Splendor at Massed Review in Golden Gate Park; Many Maneuvers

SAN FRANCISCO, June 15.—Sacramento was the only city to be granted dispensation for a Shrine temple by the Imperial Council of the Order of the Mystic Shrine at its final session in Scottish Rite Auditorium today.

The other applications for dispensation mostly from the middle west were denied, on the ground that the territory in which they were located was already adequately served by existing temples.

Four charters were granted to temples which were given dispensations last year. The dispensations amount to a provisional charter. These new charters are: Anah, Bangor, Maine; Al Bedou, Billings, Montana; Mehl, Miami, Florida and Tigris, Syracuse, N. Y.

The dispensations refused were: Danville, Ill.; Kansas City, Kansas; Topeka, Kansas; Council Bluffs, Iowa; Ottumwa, Iowa; Fort Dodge, Iowa; Covington, Ky. and Paris, Texas.

Sacramento temple will be known as Ben Ali. Sacramento had asked for the title of Palchic, but this was refused on account of the similarity to the name Kalif of Sheridan, Wyo. Ben Ali will have the exclusive jurisdiction in Sacramento county and concurring jurisdiction with Anaheim temple of Oakland and Islam temple of San Francisco in all of California, north of San Luis Obispo, except in Alameda and Contra Costa counties, which are under the exclusive control of Anaheim temple and in San Francisco and San Mateo counties, which are controlled by Islam temple.

ACE RICKENBACKER DELIVERS MESSAGE

Eddie Rickenbacker, who flew across the continent with a message from President Harding, delivered the message in person to the council this morning. In it President Harding regretted his inability to attend, and expressed his high opinion of the Order of the Mystic Shrine.

Henry Lansburgh of Almas temple of Washington, D. C., past potentate of Almas temple, replied on behalf of the Imperial Council, thanking the president for his message. Noble Lansburgh tendered the council greetings on behalf of Washington, and promised the Shriner a lively and enthusiastic reception when the Imperial Council is held in the national capital.

MASS REVIEW HELD IN PARK STADIUM.

Nobles of the Mystic Shrine set a new mark for splendor today, a mark far in advance of anything yet achieved.

This was the opinion of the thousands of San Franciscans and visitors from all parts of the state who gathered at the Golden Gate park to witness the massed review of bands, patrols and drum corps in the stadium.

Six thousand nobles clad in their picturesque costumes appeared in this unusual display and the music from the massed bands could be heard down town.

MANEUVERS VIEWED IN BIG STADIUM.

In the big stadium the Shriner executed their celebrated marching maneuvers to the martial airs played by bands from every state in the Union.

There were eighty bands at the stadium and thousands of musicians and San Francisco's historic park resounded with melody as it had never done before.

The massed bands, 4000 instruments strong, were spread out over the entire width of the stadium, 400 yards long, and the music was heard from the far end of the stadium.

Three Minute Tales

By AD SCHUSTER

A STUB OF EVIDENCE

THE Moreland murder had the attention of the entire country. It is not strange that Bill Carney journeyed the 30 miles to the little village of Claxton to add his wits to those of the dozen or more detectives, amateur and professional, on the job. Bill was a little late for the first-hand examination, but his affability, and the fact that he arrived at a moment of discouragement when any help, no matter how unpromising, was welcome, let him into the confidence of those who were first on the scene.

Vardon Moreland had been shot as he sat in front of a fireplace in his library on the ground floor of his large suburban home. The room was in the corner of the building, with the windows, eight feet from the ground, and in the only room connecting with the library. Moreland's wife had sat when the shot was fired. She was the first to reach her husband's side, and she met no one as she ran into the room. The windows of the library were closed and locked.

These, in brief, were the facts as the police had them when Bill Carney arrived. It is no wonder that the superintendent of the police was directed to find out who had been in the room. Mrs. Moreland and young Truxton Moreland, her nephew, "This is the way I figure it," confided one of the private detectives to Bill. "The young fellow must have shot old Moreland, and the wife is protecting him. There is no doubt she was there in the next room, and her story is that he ran in as she was leaning over the body. More likely she ran in and found him there with the revolver in his hands. He persuaded her to tell the other story, hid the revolver, and telephoned the police. I can't see it any other way."

The police were the motherly Mrs. Moreland did not fit into the role of criminal. Her grief seemed too real and he could not believe she was sharing the secret of her husband's death. And if her story were true Truxton Moreland had passed through the room in which she had been sitting, followed her into the library. Unquestionably, her testimony would remove him from suspicion.

BILL began at the beginning, placing together all the little bits of evidence and building an outline for a new theory. Young Moreland confessed to be weary of investigators and declared he would talk to no one except the police captain who had been in charge. The police captain, who was mechanically won over the story.

Moreland, Bill learned, retired each evening in the library, where he smoked three or four cigars. This night there had been no fire in the fireplace. His chair was in front of the fireplace and behind him a table upon which was an open box of cigars. The bullet had entered the back of his neck and could have been fired from a position near the doorway opening on the room in which the wife sat. With these facts in mind, Bill went to the library, sat in Moreland's chair and imagined himself in the position of the murdered man, and the evening of the crime. A thought struck him and he rose and hastened to the kitchen.

"Which one of you," he asked of a maid and an elderly woman he took to be housekeeper, "has charge of cleaning up the room?"

"Can you remember," he continued, "when the housekeeper stepped forward, 'if there was anything at all in the fireplace after they found Mr. Moreland shot?'"

"I clean it out every day," the woman replied, "but there is seldom anything there, this warm weather, except dust and cigar stubs. There was no stub there that next morning."

BACK to Mrs. Moreland Bill went, a queer idea buzzing in his head.

"Just one more question, please," he said. "Did Mr. Moreland have a cigar in his hand when you found him?"

The widow hesitated. "His hands were empty," she answered. "Then Bill ceased to act alone. With the police captain, gelatine and powder for finger prints, he went to the basement, found the chimney and worked his way behind it where, standing on a rafter, he was directly behind the fireplace. The entire back had been newly smeared with plaster. It was 20 minutes' work to remove this and to discover that one of the bricks, until new plaster had been inserted, had been loose. They removed it and looked into the library at the

HAGUE OPENS SESSIONS ON RUSS TANGLE

Envoys From 18 Powers Begin Preliminary Discussions; Sequel to Genoa; America Not Represented

Soviet Experts Not to Have Share in Program Until June 26; Belgium, France to Stand By Old Policies

MOSCOW, June 15.—Russia today invited all the Baltic states to a disarmament conference. The invitation was issued by M. Litvinov, who is acting as commissioner for foreign affairs in the absence of George Tchitcherine. The states invited are Poland, Finland, Estonia and Latvia.

By GEORGES POPOFF, International News Service Staff Correspondent.

MOSCOW, June 15.—Russia has little hope of getting a big loan from the powers at The Hague, but she has already entered into negotiations with the Standard Oil Company and Anglo-Dutch oil interests for concessions through which she hopes to benefit financially, it was learned today from officials of the Soviet.

By S. D. WEYER, International News Service Staff Correspondent.

THE HAGUE, June 15.—The international conference to consider the means for the reconstruction of Russia and by which Great Britain hopes to bring about a long-term truce to secure the peace of Europe opened at the Genoa conference will be picked up at once after a mixed commission is appointed to study the Russian problem in detail. Economic experts representing more than a dozen nations are gathered here. The United States is not officially represented. Neither is Germany.

The next ten days will be given over to the appointment of the mixed commission and the outlining of the agenda. The taking of testimony from the commission of Russian experts will not begin until June 26.

If the present plans are followed the examination of the Russians will continue for about three months, after which the mixed commission will make a report embodying recommendations as to the best means of rehabilitating Russia economically.

The star diplomats of Russia were absent when the curtain was rung up for this latest international conference.

Premier Lloyd George has declined not to attend. British interests are in the keeping of a commission of experts headed by Sir Philip Gramsc.

FOUR HANDICAPS IN WAY OF DELEGATES.

THE HAGUE, June 15.—Delegates or technical experts from 18 nations met today at the peace palace for a conference preliminary to one with soviet delegates next week. With European experts taking up the work where the left off, the conference opened with a demand for speed. Four difficulties stood in the way:

1—Lack of organization and a well-defined program.

2—Apparent apathy for the power evidenced by the sparse attendance at the opening session.

3—Anglo-French differences, which will cause the conference to mark time until Poincare meets Lloyd George in London.

4—He is about to retire.

BELGIUM AND FRANCE AGAIN IN ACCORD.

PARIS, June 15.—(By the Associated Press.)—The Belgian foreign minister, M. Jaspar, had a long interview with Premier Poincare last night, which resulted, according to the Echo de Paris, in a complete agreement as to the stand to be taken by the two nations at The Hague conference.

Belgium, it was added, will maintain the attitude she adopted at Genoa regarding the return of private property in Russia taken over under the soviet government's nationalization program. It is stated in some quarters that, should France decide that her delegates should not meet the Russians when the joint conference begins at The Hague on June 26, Belgium will follow suit.

RUSS ATTITUDE WILL BE SAME AS AT GENOA.

MOSCOW, June 14.—(By the Associated Press.)—On the eve of The Hague conference, government officials informed the Associated Press that the Russian attitude at the new meeting will be the same as at Genoa. The only concessions to foreign capital proposed, it is added, will be on the basis of the recently enacted laws governing private property. Karl Radek, soviet chief of publicity declared:

"The Hague conference of experts will be a failure."

"The Hague conference of experts will be a failure."

"The Hague conference of experts will be a failure."

"The Hague conference of experts will be a failure."

"The Hague conference of experts will be a failure."

A. F. L. Backs Plan for Veto Over Courts

New Rail Cut Sets Total at \$145,000,000

U. S. Probes S. F. Labor Boycott Charge

WASHINGTON DELVES INTO BAY BUILDING

Daugherty Launches Inquiry Into Claim That Dealers Refuse Supplies to Jobs Employing Union Men

District Attorney Will Have Charge of Investigation, Assisted By Special Attorney Sent From Capital

WASHINGTON, June 15.—The United States Railroad Labor board was ready today to order another cut in the pay of rail workers, bringing the total of recent reductions to approximately \$145,000,000.

The latest order, expected to be made public late today, trims the pay of clerical officers, stationery men, firemen, marine employees and signalmen. Shop and maintenance of way workers were hit in previous decisions.

Approximately 1,250,000 employees are covered in the three orders. Today's order, it was believed, will be the last pay cut in the present readjustment.

As the order, which has been anticipated for some time, was prepared, executives of eleven big rail unions received returns on the strike vote they ordered. Latest reports, according to those in close touch with the situation, show that 91 per cent of the men favor a strike rather than submit to the cuts of the board.

CINCINNATI, Ohio, June 15.—(By the Associated Press.)—Officers of the rail unions will not interfere to stop a strike of the 1,225,000 shop craft and maintenance of way workers, B. M. Jewell declared today in addressing the American Federation of Labor convention.

Jewell, president of the federation, is president of the railway employees' department of the federation. "The railway workers are ready for the test," said Jewell, "and if they decide to strike their decision will be complied with by their leaders."

On June 6 Morrison presented letters from the Bricklayers, Masons, and Plasterers' International Union, with headquarters at Indianapolis, Indiana, naming the Industrial Association of San Francisco as representing the employers' association of the bay district, in a boycott of all construction jobs of which union labor is employed and quoting a purported general circular letter to members of the association warning them to be sure the work was to be done on "the American plan" before beginning operations.

DISTRICT ATTORNEY STILL WITHHOLDING ORDERS.

U. S. District Attorney Williams, when informed of the proposed investigation, said:

"I have not as yet received any instruction from Attorney General Daugherty regarding this investigation, but I presume they will be forwarded by mail. So far my office has conducted no inquiry in connection with the matter, but I am familiar with the situation as it has been freely commented upon in the press. There is a possibility Mr. Daugherty's desire in this matter may be communicated by the attorney whom he designates to cooperate in the inquiry."

Information from Washington is to the effect that Daugherty has placed the inquiry in the hands of the federal district attorney at San Francisco, who is to be assisted by another attorney sent from Washington.

Death Struggle Of Bear and Man Fatal to Trapper

(By Associated Press) LIVINGSTON, Mont., June 15.—Yellowstone National Park rangers are trailing a huge grizzly bear that recently killed and partly devoured Joseph Duret, 60, an old-time Montana trapper. Duret's body was found yesterday on Slough Creek near the park, with an arm and a leg partly chewed off. Signs indicated the bear had been caught in one of Duret's traps but had broken loose when the trapper came by on his rounds.

Horace M. Albright, superintendent of the park, said there were evidences of a terrific battle, and a rifle, clawed and chewed, was found near the broken trap. One shot had been fired from the rifle and a bloody trail showed that the man had crept a mile and a half after receiving his injuries.

The body was so badly mutilated that it was thought necessary by the rangers to bury it where it was found. The death struggle took place in one of Theodore Roosevelt's favorite hunting grounds.

Leaders Approve Scheme to Curb Federal Tribunals and Convention's Endorsement Expected Wednesday

By WARREN W. WHEATON, International News Service Staff Correspondent.

CONVENTION HALL, CINCINNATI, O., June 15.—The American Federation of Labor convention today appointed a special committee to consider all recent decisions of the United States supreme court adverse to labor and determine labor's plans for attacking them as "unjust."

The committee consists of B. M. Jewell, head of the railroad workers' union; James Duncan, Matthew Woll, William Green, Frank Duffy, G. W. Perkins, John B. Frey, Benjamin Schlessinger, George Berry, T. V. McCullough, W. D. Mahon, John Vell, James Wilson, T. J. Flaherty and William D. Clark.

CINCINNATI, June 15.—(By the Associated Press.)—Without opposition or debate the American Federation of Labor convention here today killed a resolution proposing a radical change in the form of the organized labor movement in the United States by the amalgamation of all unions into single organizations, each covering an industry.

By LAWRENCE MARTIN, United Press Staff Correspondent.

OHIO NATIONAL GUARD ARMORY, CINCINNATI, June 15.—American labor leaders are ready to accept and actively support Senator LaFollette's program giving Congress the veto power over the courts.

Unless a decided change in sentiment occurs meantime it is probable the American Federation of Labor convention here will formally approve the LaFollette program next Wednesday.

DENUNCIATION OF PLAN ANTICIPATED.

In support of LaFollette's suggestions, labor leaders today said they realized that the congressional veto was a revolutionary step, with unlimited possibilities. They predicted that it would be denounced as a blow at the constitution and the stability of the American democracy.

LaFollette is expected to initiate his program in the Senate almost at once by introducing resolutions for submitting to the states his two proposed amendments to the federal constitution. One of these would prohibit inferior federal judges setting aside any law of Congress as unconstitutional; the other would give Congress a veto over the Supreme Court by providing that any law the court knocked out would be restored to the statute books if Congress passed it again.

ORGANIZATION URGED TO UNITE AT POLLS.

The American people will "rise in their might and drive from the halls of congress" any legislators who do not "broaden out and help free labor from its shackles—shackles in part fastened on it by the courts," James O'Connell, member of the Federation's political campaign committee, declared in a speech today. O'Connell declared that if organized labor will support the non-partisan political campaign which is to be conducted this summer and fall to elect to congress men friendly to labor, "we'll bring such tremendous pressure to bear as will retire many of our antagonists from public life."

By WARREN W. WHEATON, International News Service Staff Correspondent.

CONVENTION HALL, CINCINNATI, June 15.—The American Federation of Labor convention today reiterated its conviction that unemployment is not incurable and pledged itself to continue its remedial efforts. By unanimous vote the convention adopted the executive council's report on unemployment and asserted that to alleviate the unemployment situation it will be necessary to:

1—Create a federal employment service through immediate legislation.

2—Provide employment for each person at his preferred trade or calling.

3—Expansion of public works as a means of stimulating industry in periods of depression.

SUBSIDY BILL MENAGED BY BOOZE FIGHT

Drys in House Move to Deny All Aid to Vessels Which Sell Liquor; Committee Adjourns Without Action

LASKER STANDS BY HIS GUNS AND INDICATIONS ARE FOR HARD STRUGGLE; ATTORNEY-GENERAL TO RULE ON ISSUE

WASHINGTON, June 15.—Republican members of the Merchant Marine committee were hastily summoned to a meeting today to consider amendments to the Ship Subsidy Bill and it was understood they desired to discuss the Bankhead amendment which proposes to deny to American ships on which liquor is sold, any share in the subsidy.

WASHINGTON, June 15.—Attorney-General Daugherty will be asked for a new ruling on the question of the sale of liquor on shipping board vessels, it was indicated today at the treasury.

By ASSOCIATED PRESS, LEAD WIRE TO TRIBUNE.

WASHINGTON, June 15.—Definite steps through legislation to stop the sale of liquor on American ships were started today through presentation by Representative Bankhead, Democrat, Alabama, of an amendment to the merchant marine bill which would cut off the government aid provided in the measure from any ship carrying intoxicating liquors or beverages.

The Alabama representative offered his amendment at a meeting of the house merchant marine committee of which he is a member, and called to take legislative action on the amendment.

Considerable doubt was expressed that the amendment would be accepted as the indications were that the majority members of the committee would vote to report the bill as framed by a subcommittee.

Continuation of the policy of selling liquor aboard American ships justifies the charge that Uncle Sam is engaged in bootlegging, declared today in a statement announcing he would support an amendment to the ship subsidy bill to stop it.

By LAURENCE M. BENEDICT, United Press Staff Correspondent.

WASHINGTON, June 15.—A storm of opposition that seriously menaces the success of the ship subsidy bill broke among the powerful dry forces in Congress today as the result of the Shipping Board's ruling that all kinds of liquors

SHIP SUBSIDY IS ENDANGERED BY BOOZE CONFLICT

Drys Move to Stop Sale of Liquor on United States Vessels.

(Continued from Page 1)

three-mile zone of big cities, officials would not state definitely. Arguments of Chairman Lasker that liquor must be sold on American ships to enable them to compete with those of other countries have no weight with the drys. In effect, they say that if the government must go into the liquor business to have a passenger marine, this country might as well give up hopes of having such a fleet.

BUSCH READY TO BACK UP HIS BOOZE CHARGES.

ST. LOUIS, June 15.—The Anheuser-Busch Brewing company is willing to produce witnesses to support charges made in the letters of August A. Busch and his son Adolphus Busch III, to President Harding and which were turned over to Chairman A. D. Lasker of the shipping board, that the United States shipping board is violating the Volstead act, in the event of a congressional inquiry, it became known here today through representatives of the firm.

The local company has made numerous requests for a congressional investigation into violations of the prohibition act, O. A. Remmers, general counsel, said, and is prepared to produce witnesses to support their charges.

The original letter of August A. Busch, with that of Adolphus Busch III were printed in circular form and mailed to various newspapers throughout the country last week, in order that the publishers would have them for use simultaneously.

The booklet containing the letters was of eight pages. On the first page was shown a cartoon of Uncle Sam with a club in one hand labeled "Prohibition Enforcement," and in the other behind him, a bottle, to which was attached a tag "Shipping Board Hooch For Sale." The cartoon was titled "Versatility."

WASHINGTON, June 15.—Chargé d'affaires B. Wheeler, general counsel of the Anti-Saloon League, with "connivance in an open violation of the prohibition law," Senator Caraway, Democrat of Arkansas, today bitterly condemned the sale of liquor aboard United States shipping board vessels. "The shipping board," he said, "is in violation of the prohibition law," "for permitting the sale of liquor on board ships," and against Chairman Lasker of the shipping board for "violating his oath of office."

Rotarians Host to Leader of Society

Raymond Havens, president of the International Rotary Club, was a guest and speaker at the luncheon of the local organization today at the Hotel Oakland. Havens stopped off here en route to his home in Kansas City from the international convention at Los Angeles. The local organization was the first to entertain him since his election at the annual session in the southern city. In addition to President Havens, a number of newly elected international officers were also guests at today's luncheon.

Girl Sailing for Islands MISS MABEL JOHNSON, Oakland beauty, who will lighten the journey to Honolulu of the imperial party of Mystic Shrieks.

PROCESS FOUND FOR DE-INKING OLD NEWSPAPERS

MADISON, Wis., June 15.—A process to take the ink from old newspapers so that they can again be used for printing purposes has been developed by the U. S. Forest Products Laboratory here, according to an announcement today. Already one mill under commercial conditions has de-inked 1500 tons of old newspapers which were then remade into newspaper print of desired strength and color and accepted by publishers as standard.

U. S. Relief Worker Stricken By Typhus

BY ASSOCIATED PRESS
LEADER WIRE TO TRIBUNE
COLLEEN, June 15.—Major William R. Dear, of the medical corps of the United States army, attached to the American relief administration, is dangerously ill with a virulent form of typhus at Kazan, Russia, according to a message received by Mrs. Dear here. Major Dear has just completed an inspection trip along the Volga.

HONG KONG, June 15.—An explosion which wrecked a farmhouse ten miles from Hui-chin-shan is believed to have been caused by efforts to make home brew.

Miss Johnson Will Take Trip With Shriners

Daughter of Former Potentate of Aahmes Temple to Go to Hawaii.

Accompanying the Imperial Party of James McCandless, Imperial Potentate, A. A. O. N. M. S., Past Imperial Potentate Ernest A. Cutts, and other Imperial officers of the Shrine of Oakland will be Miss Mabel Johnson, daughter of Mr. and Mrs. Ben O. Johnson, to Honolulu on the liner Matspina, which sails on Friday at noon.

Miss Johnson is the daughter of the prominent Masons of the East-bay, having been Potentate of Aahmes Temple in 1916. He now is president of the board of directors of the Scottish Rite Cathedral association.

The Matspina and the H. F. Alexander, which will accompany the big steamer to Hawaii, will be escorted out the Golden Gate by a squadron of aeroplanes. A photograph will be taken from the air as the ships pass through the Gate, and the photograph will be developed and printed and a copy dropped aboard the ships before they are out of sight of San Francisco.

Senators Abide By Harding's Bonus Idea

WASHINGTON, June 15.—(By International News Service.)—Reaffirmation of President Harding's unalterable opposition to the tariff bill being displaced for the soldiers' bonus was conveyed officially to the Republican side of the Senate today by Senator Lodge of Massachusetts, Republican leader, following a conference he had with the President previously at the White House.

Senator Lodge, while strongly favoring the soldier bonus, agreed with the President that it would be "politically and economically unwise" to side track the tariff for the bonus.

A conference of Republican senators to consider the situation would be called soon, Senator Lodge indicated. He was confident that the President's wishes would be complied with by a majority of the Republican side, despite the insistence of Chairman McCumber of the Senate finance committee that the bonus displace the tariff.

Officials Held By Mexican Strikers

NOGALES, Ariz., June 15.—Vera Cruz authorities today appealed to President Obregon to secure the release of Juan Nava, general freight and passenger agent, and Teodoro Ortega, chief watchman of docks and wharves, of the Vera Cruz terminal railway, according to advices received here.

The two officers are held prisoner in a sequestered labor temple out last night by Cruz, by several hundred striking workmen.

After the two men were made prisoner, it was announced that they would be held as hostages. Large numbers of strikers have made authorities powerless, it was stated.

State Chiropractors Plan Ballot Fight

Thirty chiropractors representing approximately 1000 chiropractors throughout the state, are to hold a conference at Fresno next Saturday night in connection with a fight in favor of initiative bill number sixteen on the ballot at the November election. The bill is designed to create a board of chiropractors to examine applicants for permission to practice chiropractic instead of having them appear before the state medical board as is done at present.

TEXAS VISITOR ROBBED.
While Mrs. Sim of Waco, Tex., was watching the bathing girl revive at Idora Park a sneak thief stole her handbag which she was carrying by cutting the cord handle. The bag contained a \$20 gold piece and a \$5 gold piece, a cameo ring and \$10 in silver.

MANIAC COMES BACK.
JAMESTOWN, N. D.—Guards on bicycles and in motor cars patrolled the roads in a search for a lunatic who escaped from the Stutsman County Asylum, but returned himself after three hours.

REAL BARGAIN HUNTERS

Mills College Park has every city improvement in and paid for. No taxes, no interest until July 1, 1923. \$1.50 down and \$1 per week. Telephone Lakeside 1600 or Kearney 2798. Autos leave Syndicate office every 20 minutes for property.—Advertisement.

War Fraud Trial Brings Conviction

WASHINGTON, June 15.—The first war fraud prosecution since the storm in Congress against alleged laxity on the part of the department of justice in pushing these cases resulted in the conviction here today of Charles J. Ritzman, general manager of Driscoll & Company, Detroit, and a former motor transport corps captain.

Ritzman was charged with accepting an alleged bribe of \$800 while in the service, under a promise to use his influence toward securing a contract for the purchase of \$100,000 worth of skid chains.

SUES IN ABATEMENT.
MARTINEZ, June 15.—Trial of suit instituted by District Attorney A. B. Tinning against Alfonso Sangimont to close a home in Pittsburg owned by Sangimont under the red light abatement act was concluded yesterday afternoon before Superior Judge A. B. McCone. Sangimont contended that he did not know for what purpose the house was being used.

Three Minute Tales

(Continued from Page One)

chair in which Moreland had sat from a pipe which held a natural hold they secured finger prints.

After the arrest of Truxton Moreland the police captain somewhat shamefacedly said to Bill:

"Of course I thought of the fireplace right away. It's an old dodge, in fiction at least, but this man was shot in the back. How did you get around that?"

"I sat in the chair and reached around for a cigar," Bill answered, illustrating the action in the high armed chair. "Moreland had to lean his weight on one arm as he turned and reached. When he was shot, his muscles relaxed and he fell back facing the fireplace."

"What made you think of it?"

"The fact that one cigar was smoked and he did not have another in his hand."

ESTRANGED MAN KILLS WIFE, SELF

Murder and Suicide Follow Several Weeks' Quarrel; Leave Four Children.

STOCKTON, June 15.—Thomas M. Rowand and his wife were dead today following a ramly quarrel which is said to have lasted for several weeks.

Early yesterday Mrs. Rowand left home announcing her intention not to return.

Tracing her to a neighbor's home last night, Rowand fired two shots into her body and then sent a bullet into his own head. The woman died in a hospital a few hours later.

Four small children were left by the couple, two of them in Detroit with her mother.

Pump Maker Goes To Claim Baronetcy

LINDSAY, Cal., June 15.—H. A. Briscoe has given up the business of manufacturing pumps in Lindsay and become a baronet in England.

Word received here today told of the arrival at Southampton of Briscoe, who left Lindsay a short time ago to claim a British baronetcy.

Briscoe has been in business here for a number of years. Recently he received word that through the disappearance of Sir Hilton Briscoe, his cousin, while en route to Australia on the liner Narkunn, he had become the heir to the baronetcy and to a considerable estate. Briscoe left immediately for England, traveling second class.

Threat Accuses Man Of Abusing His Wife

The police today are investigating a threat which was received through the mail by Manuel C. Souza of 5828 Foothill boulevard. The report was made to the police last night by Frank Souza, the brother of Manuel. Police inspectors Arthur Sanderson and Robert Goodwin have been detailed to investigate the case. The letter, follows in part:

"You villainous act on an innocent and virtuous wife has come to our attention. We intend to teach you that in this country your wife will call on you when you are not thinking about it. We will attend to her by sending her so far that she will never want to come back."

The letter was written in lead pencil on tablet paper.

Heavy Loss Caused By Storm in W. Va.

PAIKERSBURG, W. Va., June 15.—Property losses aggregating \$200,000 were reported here last night in the first news received from Roan and Calhoun counties, isolated by a heavy storm Sunday night. Churches, schools, residences and business buildings were damaged by flood waters, while crops were ruined. Weather bureau officials said the storm was the most severe in the history of the station.

Chicago Teachers Win Pay Increase

CHICAGO, June 15.—The fight of the Chicago Teachers Federation for a pay increase today when the board of education voted pay boosts for teachers aggregating \$4,000,000 annually. The increases range from \$300 to \$600 a year.

parts will be rather a hindrance than help, because it will not be a mutual discussion of problems, but merely create a new united front of capital.

"The Russian government is not in such a low position as to allow itself to be treated with contempt, either by France or even America. By her famine relief, America has gained some sympathy in Russia which she is going to forfeit if she wishes to play the role of dictator."

"Despite her poverty, Russia will enter into relations with foreign countries only on the basis of mutual esteem."

RUSSIA SUPERVISING GERMANY'S FINANCES.

PARIS, June 15 (By International News Service).—Allied supervision of German finances already is under way, according to the text of the inter-allied reparations commission's recent note to Berlin, made public here today.

The note instructs Germany to negotiate immediately with a committee from the reparations commission regarding receipts and expenditures of the German government.

Furthermore, Germany is warned against the exportation of capital. Germany is requested to give further statistics on her economic position, and is told that she must bring about a forced loan during the current year to raise 40,000,000,000 paper marks. There are two other demands:

1—Germany must make more definite proposals as to how she is going to meet the postal and railway deficits;

2—There must be clarification of the law guaranteeing the autonomy of the Reichsbank.

LOCAL VISITOR SAYS BUSINESS IS BETTER

"Well, Bill, how's business?" I hope it's better than the last time I talked with you. When was that, anyway? Last winter some time?"

"Yes, last winter. I haven't been to the city since December. Sure, business is better. Things have been picking up steadily for quite a while. I don't think it will be long now till the country gets back to normal. What do you think of it?"

"Oh, sure, things are better. My business didn't begin to pick up much till about a month ago. But it is coming along fine now, even if I did have a hard time pulling through. If things keep going on as they are now I hope to be able to afford a new suit some time soon."

"Oh, say, don't put off buying a suit. It's important to be dressed right. Why don't you go to Cherry's at 528 13th street and buy one on credit? I always bought my clothes there when I lived in the city. The place and you can buy on credit. When a man pays a small amount each month he hardly notices it."

Cherry's store for women is at 515 13th street. Advertisement.

WATCH FOR WEDNESDAY ANTARES

The Gas Man

Saved the Dinner!

TWAS SUNDAY—guests were coming. Mrs. Welcome was in tears. Although usually "perfect," the gas range seemed "possessed." It wouldn't heat. The higher the flame was turned, the less heat seemed to come.

Although it was the day of rest, when most business concerns are closed, a cheerful voice responded when she called the Gas Works of the P G and E. Quickly a man answered her appeal for help.

The trouble was found in a moment. The burners were out of adjustment. Mr. Welcome had taken them out for cleaning the night before. He had failed to replace them as they were.

P G and E Service is Constant

When burners are out of adjustment, the higher you turn the flame the less heat you obtain. If your burners are out of adjustment, call the Gas Man. No matter when you call, day or night, you will always find a P G and E man ready to serve you.

"PACIFIC SERVICE" is all embracing. The Company seeks satisfied customers, not inflated gas bills. For more tips on how to be economical with gas, get in touch with the nearest P G and E office.

"The Girl With the Million Dollar
Face," and many other picturesque
titles earned by her numerous "At-
taires de Coeur."Peggy arrived in San Francisco
yesterday, complete with her car-
avan of baggage containing the
latest creations from Europe, her
good looks, her \$600,000 string of
pearls and her shaggy, wire-haired
terrier, which is declared to have
bitten more millionaires' ankles
than any other dog living."But," Peggy added, "I am not
thinking of marriage just now. I
have some money and quite natu-
rally I want that money to work for
me and bring me more. I think
that I have found my chance with
Oliver Morosco to establish theaters
to be known as "Peggy Joyce" in
San Francisco, Los Angeles, Chi-
cago and New York City."Yes, I am here definitely and
seriously for business. These the-
aters will be used for the production
of comedies with music—no musi-
cal comedies. I will make my home
here, too; at least, for several
months each year. I have affected
arrangements already to acquire a
homeplace either along the Penin-
sula or in Piedmont.""But my first business will be
to choose a site for the theater."
Can you imagine Peggy in busi-
ness?

NewsS. F. Restaurant Hit
By Abatement SuitSAN FRANCISCO, June 15.—
Abatement proceedings have been
brought against Milan's cafe, on
Broadway, as the result of alleged
violations of the Volstead act. The
action was filed yesterday by As-
sistant United States Attorney Jas.
Raleigh Kelly. Federal Judge
Frank S. Dietrich issued an injunc-
tion enjoining the owners from re-
moving furniture or liquor in the
place.BORIS PETROFF
DIVORCED BY
ALLA MUSKOVASAN FRANCISCO, June 15.—
Mme. Alvin Petroff, (Alla Mus-
kova), blonde danseuse of the
Savoy Hotel, yesterday obtained
an interlocutory decree of divorce
from her husband, Boris Ler-
man (Boris Petroff). She told
Superior Judge Timothy I. Fitz-
patrick that she and her hus-
band were playing in Boston
when he left the theater and she
did not hear from him until six
months later, when he wrote to
her for money to buy a ticket
home. After his return home, she
said, he forced her to dance too
soon after a serious operation,
which resulted in two more oper-
ations.Don't Split Roads,
Says Chamber AppealSAN FRANCISCO, June 15.—
Declaring that the contemplated
dismembering of the Central and
Southern Pacific railroad lines will
work an immediate calamity to the
shipping public of California, Wal-
lace M. Alexander, president of the
San Francisco Chamber of Com-
merce, yesterday sent a telegram to
the chairman of the Interstate
Commerce Commission of Wash-
ington urging that action in the
matter be postponed until the local
character has been heard. The tele-
gram stated that a number of
other organizations of California
also desired to be heard on the
matter.A Frenchman has invented an
electric dog that will jump out of
his kennel when a whistle sounds.BLUE LAW RULE
HARMFUL, SAYS
BAPTIST PASTORSabbath Observance Cannot
Be Forced on People, Is
His Conclusion.PITTSBURGH, Pa., June 3.—
Laws designed to force Sabbath ob-
servance ultimately will do more
harm than good, according to Rev.
Stewart Martin Smith, pastor of
Donora Baptist church here, and
chaplain of two organizations of
World War veterans."The peace and quiet of the old-
time Sunday cannot be forced upon
people that is slowly but surely
changing its definition of religion,"
declared the Rev. Dr. Smith. "I
know the closed Sunday in Pitts-
burgh, and I know the open Sunday
in Paris, France. In Paris I dis-
covered as much genuine piety as I
ever discovered in Pittsburgh.""Naturally we of the churches
favor strict Sabbath laws, have been
thinking chiefly of our own inter-
ests, and we are loath to seem to
argue against ourselves. But when
we overcome prejudice we certainly
are not unmindful of the many
thousands who do not care to wor-
ship just as we do. None of us
keep the Lord's Day as was origi-
nally done. Times change. So
long as man gives one-seventh of
his time to the spiritual demands of
his nature it is his own business as
to when, where and how he does so.
The true Christian will never be
disturbed if he has within himself
the perfect peace of which the
Sabbath day is a symbol."WOMEN COMPLICATE SUBJECT.
"This subject, like the question
of prohibition, is greatly com-
plicated by the increasing partici-
pation of women in public affairs.
Not because women are better than
men, but because they have been
misjudged in the matter of moral
reform. In the first place they can
only be reckoned with; they cannot
be reasoned with. Time and ex-
perience will prove that the women
of this country that they must not
get too haughty in telling men what
to do. Our best women already
realize that their conquests must
be in the realm of love and not
of force. In Pennsylvania we have
just had a remarkable experience
in the shape of a recent primary
election. Personally I am for Mr.
Gifford Pinchot across as the Re-
publican gubernatorial candidate.
Mr. Pinchot himself says so. But
this only partially analyzes the sit-
uation. Personally I am for Mr.
Pinchot, and my opinion is not
biased when I say it took more
than the 'woman vote' to nominate
Pinchot in the Pennsylvania pri-
maries. The women cannot get
anybody into office, themselves in-
cluded, if the men are against it.
Pinchot's power in Pennsylvania
was latent, his idealism and en-
thusiasm plus his association in the
past with the picturesque Roose-
velt. Thus there was added to his
endorsement by the women of the
farmers, for a farmer loves the
picturesque."FEMININE INTUITION.
"The only new political factor
that has been introduced is that
our practical politicians must now
take into account the well-known
intuitive faculty of the feminine
mind. This is real and not a fancy.
It is rooted in woman's emotional
nature. The heavens are the men's
world, and she will ever be prone
to try to satisfy her heart at the
expense of her head. If we ever
have a woman President she will
not be a true woman; she will be
a heart woman—a red rose and not
a white rose. But this country
will not have women Governors or
a woman for President until the
men consent. All government is
founded on force, and no matter
how many peace conferences are
held the fighting male is the only
guarantee of the necessary force
behind government. A woman
could not hold any political office
whatever if men as a class were
against her. Every practical poli-
tician knows that if they wanted to
do so men could keep every woman
in the land out of office."Flapper Losing Out;
Dances Are ChangingCOLUMBUS, Ohio, June 17.—
The flapper is losing her uphill
fight in Ohio against the forces of
conservatism.A census of local dance floors
divulged the fact that quadrilles
and circle dances are fast becom-
ing the "rage." Where the flap-
per and her "snake eater" once gave
an excellent impersonation of two
very agile wrestlers, dancers now
step off the evening to the tune of
"Turkey in the Straw" and "The
Arkansas Traveler." While some
robust, voiced individual admo-
nishes them to "promenade," "count
four" and "circle all."And, when the orchestra finally
swings into the syncopation of
"Everybody Step" or "Swing
Blues," the dancers fall to embrace
in the manner which aroused the
ire of their frock-coated condemn-
ers. Instead, partners are held at
arms length while the steps in-
stead of being a cross between a
wriggle and a writhe, consist mostly
of short, jerky walking steps.
So much for dancing. The flap-
per's dress, which moved her
grandmother to tears, is also un-
dergoing a radical change. Al-
though short skirts continue popu-
lar, few of them are made of the
flimsy, clinging material which
marked the jazz-craze at its
height. Instead, suits of tweed,
almost severe in their cut, are
making their appearance. The
flapper's shoes, too, are drifting from tight patent
leather pumps with lofty French
heels to flat heeled sport oxfords
of elk hide, with rubber soles.
Bobbed hair has as yet shown
no sign of falling from favor. The
consensus of flapper opinion seems
to be that it is a permanent fix-
ture along with the powder puff.RADIO CONVENTION.

MINE CONGRESS TO HOLD JUBILEE FETE IN OCTOBER

Twenty-fifth Anniversary to
Be Observed in Clevel-
land Public Hall.

CLEVELAND, Ohio, June 15. — The 25th annual convention and exposition—the silver jubilee anniversary—of the American Mining Congress will be held in Cleveland's new Public Hall October 9 to 14, inclusive.

HAVE YOU A SWEETHEART?

Son, Daughter, Brother or Sister? If so, write us today to send you FREE the Allen's Foot-Ease Walking Doll. One Druggist writes: "These Foot-Ease Walking Dolls are a Screen. Many people here are using them at banquets and festivals as table decorations, one doll to a cover. Send for another supply. The Allen's Foot-Ease Walking Doll, advertising Allen's Foot-Ease, the Antiseptic Healing Powder for tender, smarting, swollen feet is the cleverest novelty of the season. Drop a Postal to Allen's Foot-Ease, Le Roy, N. Y., and get a Doll FREE—Advertisement."

mining districts are planning to attend, he said. Last year at Chicago 35 states were represented among the delegates and 25 official state delegates were appointed by governors of state to attend.

Governor Makes Flag Day Address

TULARE, June 15. — Addressing a flag day audience here, Governor Stephens yesterday called upon Californians to "stand as a unit, dedicating anew their loyalty in service for the United States and their own state."

L. A. DIOCESE TO BE DIVIDED

LOS ANGELES, June 15. — Official notice of the partition of the diocese of Monterey and Los Angeles into two dioceses is awaited by Bishop John Cantwell following announcement to that effect received by him from Most Rev. John Bonzano, D. D., apostolic delegate to the United States.

Although the exact terms of the notice have not been made public, Bishop Cantwell declared that the southern portion of the present diocese will be known as the diocese of Los Angeles and San Diego, while the northern diocese will be that of Monterey and Fresno.

May We Loan You a Camera?

It's a pleasure for us to loan cameras. By loaning one free we always make a friend and often an enthusiastic photographer and subsequently a valuable customer. Bowman Drug Co. Adv.

PARK-TO-PARK RALLY PLANNED

SACRAMENTO, June 15. — Managing Secretary Gus Holmes of the Park-to-Park Highway Association has arrived in Sacramento from the headquarters in Denver and is completing arrangements for the third annual convention of the association, which will be held in this city Friday and Saturday.

Among those who will have places on the program are the association president, Scott Levitt of Great Falls, Mont.; A. S. Dudley, secretary of the Sacramento Chamber of Commerce, and Stephen T. Mather, director of national parks, of Washington, D. C. A number of well-known club women and officials of several highway associations also are expected to attend and appear on the program.

Officers of the Park-to-Park Highway Association, besides President Levitt and Secretary Holmes are: P. J. Chamberlain, Denver; vice-presidents, Sylvester J. Weaver of Los Angeles and Rev. Father of Washington, D. C. A number of well-known club women and officials of several highway associations also are expected to attend and appear on the program.

STARLIGHT

Virginia Fairfax, daughter of the first families of Virginia, rebels against the puritan rule of her grandfather, and by film, runs away to become a motion picture actress. Virginia Fairfax is a very important place in the Stratton picture. Kitty Dalton, a friend, warned Virginia against falling in love with Stratton. Kitty confessed her love for John Storm, the minister, who rails at the attitude of the world, which condemns her and her love. Maud Sanson quarrels furiously with Stratton. She charges him with being in love with Virginia. Kitty Dalton tells of her mother's death on the stage and of her meeting Thorndyke. Following her mother's death Kitty doubled with Thorndyke in the act. They were successful. Created by drink, Thorndyke stabbed a man in a saloon brawl. He fled to Kitty, demanding money. She refused. He attacked her, falling upon his own knife, which she had snatched up from a table.

Kitty is worried about Julian Thorndyke and decided to confide in John Storm. Virginia and Kitty, in John Storm's motor, go to spend Sunday at his home.

IN THE RECTORY.
I wonder if every woman, when she is in love with a man, loves to touch the things that have known the touch of his hands? An old actress out at the studio the other day told me that she once saw Bernhard play Camille and that after Armand left Camille she went around the room where they had been so happy and apparently almost unconsciously, touched all the dear, familiar things their love had hallowed.

Even while I noted the anxious tones of his voice I realized that he spoke only to Kitty. It was for her welfare he was concerned.

"Please get in the car, John. I have something to tell you."

Without a word John Storm got in the car and seated himself between us.

"Where to, sir?" asked Charles.

"To Los Angeles," he answered absently.

(Copyright, John F. Dille Co.)
Tomorrow—Kitty Confides in John.

DEATH HALTS RECEPTION.
BERLIN, June 15.—Alanson B. Houghton, the American ambassador, has been obliged to postpone his first reception to the diplomatic corps owing to the sudden death yesterday of Gaston Carlin, for 20 cents, under the Swiss minister. The reception the Chicago surface lines at Mid-probably will take place next week.

CHICAGO FARES 7 CENTS.

The Happy Health Habit

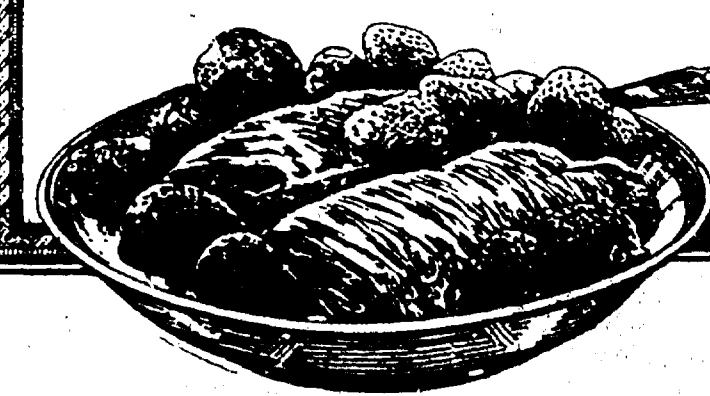

When the appetite is fickle and the digestive powers are weak—when the warm weather calls for a change in diet the surest way to get Summer comfort and palate joy is to drop heavy foods and eat

Shredded Wheat

With Strawberries or other Fruit

The crisp, well-baked porous shreds combine naturally with fruit acids, supplying the maximum of nutriment and keeping the bowels healthy and active. Delicious for breakfast or for any meal.

When you ask for Shredded Wheat be sure you get the original Shredded Wheat you have always eaten, made at Oakland, Calif.—always clean, always pure, always the same high quality. Two Biscuits with milk or cream, or with berries or other fruits, make a satisfying meal.

293 GRADUATE FROM ALAMEDA SCHOOLS FRIDAY

In High Seniors Class Girls
Outnumber Boys More
Than 2 to 1.

ALAMEDA, June 15.—A total of 293 elementary school and 65 high school graduates will receive their diplomas Friday, the Washington school, with a list of 97 graduates, has the largest number ever granted diplomas in any individual school in the city.

According to C. J. Du Four, superintendent of schools, a canvass has revealed the fact that 97 percent of the elementary graduates are continuing on through the high school. In order to accommodate this influx, it has been necessary to make arrangements for the construction of bungalows to house them.

In the high school graduating class there are 49 girls and 15 boys.

The high school graduation program follows:

Overture—Bach's "Brandenburg."—Alameda High School Orchestra.

March from "Alma"—Orchestra.

"Joyous Apsara," from "Redemption"—Alma Chorus.

Alma in Olden Time—Alma Chorus.

"Melodie," by "Vivienne Popular Song"—Alma Chorus.

Jack Moulthrop.

Address by Rev. E. J. Cochran.

"Bring Thee Home"—Alma Chorus.

CHICAGO PASTOR IS SENT BACK BY AUSTRALIA

MELBOURNE, June 15.—The Rev. Ormuz, Episcopal minister to the Syrian community in Chicago, will return to San Francisco on board the steamer Ventura, which brought him to Australia.

On his arrival several days ago at Sydney, the Rev. Ormuz was not permitted to land. Ormuz said he had gone to Australia to lecture on the sufferings of the Syrians.

Gladya Collier, Estelle Jochumson, Clara Mason, Alvira Thell, Elizabeth Toy, Edna Walker, Mildred Smith, Presentation of American Page from Chicago and Alameda Parlor, N. S. G. W. Hon. Joseph R. Knowland.

Acceptance of Page—Alvira Walker, Class President.

Distribution of Diplomas—Mr. C. J. Du Four, Supt. of Schools.

"The Star-Spangled Banner"—Audience Led by the Alameda High School Glee Club.

High school graduates are:

Dorothy F. H. Underhill, E. Pfeiffer, Catharine R. Argeus, Jeannette B. Shumaker, Alvira A. Benta, Alvira M. Benta, Kristina S. L. Bae, Bertha Elizabeth Toy, Cynthia W. Doehert, Vera L. von Sagen, Dorothly L. Brown, Edna Pauline Walker, Ruth Kay Buckley, Edna Elizabeth Walker, Lillian G. Collier, Ruth Willard Walton, Alma Bernice Dale, Helen Marie Winkle, Myrtle Agnes Dalton, Hamilton H. Anderson, Antonette L. David, David Hamilton, Ashley Margaret L. Dickinson, Clark Chamberlain, Margaret Pauline, Edna Crowl, Kathryn Ruth Gilbert, Gretchen, Ruth A. B. Hackett, Phillip Ferner Hagen, Jessie H. Hackett, Richard H. Hackett, Esther Emily, Betty Wilbur, F. H. Hackett, Claire E. H. Hackett, John M. Hackett, Estelle M. Jochumson, Clifford M. Johnson, Margaret M. Johnson, Yoshiki Katsuragi, Naomi K. Kestel, John H. Moulthrop, Ida Ellen Loughlin, Raymond E. Naga, Vivian Cora Loughlin, Wm. C. Rodgers, Jr., Evelyn L. Leander, Wm. C. Rodgers, Jr., Clara V. Mason, Allen, Bowie, Walker, Ruth L. McCarty.

CASTOR HELD FOR NEW PROBE IN WILKENS TRAGEDY

Detective Wire Intimates
That He Has Secured
Information.

SAN FRANCISCO, June 15.—Determined to obtain information which will assist in the solving of the murder mystery, police are planning a systematic questioning of Arthur Castor, who was arrested Tuesday night at Eureka, technically on a charge of passing fictitious checks, but in reality in connection with the slaying of Mrs. Anna Wilkens on the night of May 30.

Walter Castor, his brother, who is also wanted by the police for interview purposes, was not taken into custody at Eureka and left that city. It is believed he went to Willis. If found he will not be arrested formally, but will be asked to return to San Francisco to submit to further questions regarding the brothers' whereabouts on the night of the murder.

Walter Castor is out on parole on a manslaughter charge for which he served a portion of a six-year penitentiary term, and he is also on probation on a burglary charge from Santa Clara county.

A telegram received yesterday by Captain of Detectives Duncan Matheson from Detective Sergeant Charles Maher, who was sent to Eureka to bring Arthur Castor to this city, leads to the belief that Castor has given some valuable information regarding the murder.

Matheson sent the wire after he had arrived in Eureka and grilled Arthur Castor for an entire day.

"I have got what I came after," this was Maher's wife to a Captain Matheson.

The detective chief last night and today decided to discuss the possible significance of the slaying's wire.

Some of the questions, regarding the slaying of Mrs. Wilkens, the police want to ask the Castor brothers, are:

Where were they on the night of the murder of Mrs. Wilkens?

How did each of them come into possession of a \$100 bill? Wilkens was robbed of three such bills by the trio of auto bandits who killed his wife.

Where did they drive with a Hudson automobile which they rented from a Golden Gate garage on that night?

Some of the questions, regarding the slaying of Mrs. Wilkens, the police want to ask the Castor brothers, are:

Where did they drive with a Hudson automobile which they rented from a Golden Gate garage on that night?

Marconi Seeks Radio Waves Sent By Mars

LOS ANGELES, June 15.—En route to the United States on his yacht, Eliterra, William Marconi, inventor of wireless telegraphy, is seeking to pick up what he calls "wireless messages" from the planet Mars, according to the New York World.

Marconi has been of the belief for five years that signals are being sent through space from Mars. Last year, while cruising in the Mediterranean on the Eliterra, the inventor picked up a wave of 150,000 meters length, the greatest ever recorded.

Mars is now approaching the earth and next Sunday will be 42,000,000 miles away, closer than it has been since 1909. Marconi, therefore, is attempting the solution of what he believes to be the most fascinating mystery held by science.

While the Italian scientist is seeking communication by wireless with Mars, Sir Arthur Conan Doyle, now at Atlantic City, announces that he has arranged for the installation of a complete radio outfit in his home in England through which he hopes to establish liaison with the spirit world.

He said he was convinced that radio would help him in his psychic investigations.

He said he was convinced that radio would help him in his psychic investigations.

Kern Irrigation Project Discussed

BAKERSFIELD, June 15.—The hearing on the proposed Kern Irrigation project before State Engineer W. B. McClure was continued yesterday until August 28. Ranchers from the Weed patch and Panama district were among those who testified at the hearing.

McClure said that he interpreted the law to provide that in the event the district was organized and an assessment not to exceed 60 cents an acre was levied against the farmers to finance the completion of the organization and gathering of data upon which to undertake operation, then further proceedings could be stopped and the proposition of operating the district resubmitted to the land owners.

CHILD HURT BY THORN.—ALAMEDA, June 15.—Clair Alketh, 2-year-old daughter of Mrs. P. H. Alketh, 2333 Lincoln avenue, was treated at the emergency hospital yesterday afternoon for a badly injured finger. The child had been playing around a palm tree and had run one of the spines into her hand.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty)

Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with delatone. To remove hair from arms, neck or face make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about two minutes rub off, wash the skin and it will be left free from hair or blemish. To avoid disappointment be sure certain you get real delatone and mix fresh. Advertisement.

TOKYO RESIDENTS APPREHENSIVE OF NEW EARTHQUAKE

Reassurance of Scientist
Fails to Comfort
Citizens.

TOKYO, June 15.—(Correspondence of the Associated Press.)—The residents of Tokyo and vicinity who experienced the earthquake of April 26, when their houses rocked like ships in a heavy sea and movable articles fell from tables and sideboards, have hardly been reassured by the statement of Dr. Fusakichi Omori, famous seismologist and professor of the Imperial University, that future shocks will at their greatest be about double the force of the last quake. The late one was considered bad enough.

A wall around the Imperial palace which had withstood shocks for 300 years, fell into the surrounding moat, and the surrounding granite walls were damaged and a new reinforced concrete building, one of several under construction by American firms, and which are believed to be earthquake proof, was slightly cracked.

However, Dr. Omori says these buildings, being on more fragile ground than other Tokyo buildings, have proved that they will withhold any shock that might in future visit the city, although the last quake was only one-sixth the intensity of the shock of 1855, when 50,000 houses were destroyed and 8700 deaths resulted.

Dr. Omori's predictions are based on the known scientific fact that earthquakes are the phenomena accompanying the removal of weak cleavages thus binding the strata and preventing the occurrence of severe shocks.

There are an average of 1460 earthquakes yearly or about four daily felt in Japan, not including minor ones, which are recorded only on the most delicate instruments, and in 1500 years there have been 224 more or less disastrous ones. Most of these are originated under the Pacific.

During the last twenty years, said Dr. Omori, the origin of the earthquakes felt in Tokyo has been always distant from the city, there being no case in which Tokyo or its vicinity was the origin. "It follows that these quakes had nothing to do with Tokyo as a center," adds the professor, "but must be feared that, as these quakes increase in number in the future Tokyo will be, in its turn, the center of vibration. As a rule, however, points distant from the center of vibration feel the quakes more severely than the point of origin. For this reason Tokyo, Yokohama and Chiba, built largely on reclaimed land, vibrate more than the scene of origin."

War Mothers Open Convention at L. A.

LOS ANGELES, June 15.—With Mrs. M. F. Murray, of Oakland, state war mother, presiding, the third state convention of California War Mothers opened here today. Delegates and visitors from various parts of the state were tendered a reception last night.

King and Queen to Be Harveys' Guests

LONDON, June 15.—King George and Queen Mary have accepted invitations to be guests at dinner on June 24 of Ambassador and Mrs. Taff, who will be in London at that time, also will be present.

SCOUT ENVOYS NAMED.

NEW YORK, June 15.—Mortimer L. Schiefel, chairman of the committee on foreign relations, Boy Scouts of America, announced today the appointment of these delegates to the international conference to be held in Paris July 22-30: Chairman, Myron T. Herrick, ambassador to France; vice-chairman, Walter N. Head, of Omaha, Neb.; Clarence R. Howard, of St. Louis; James E. West, chief Scout executive, and Loren W. Barclay.

WOMAN TRAPS THIEF.—LOS ANGELES, June 15.—Mrs. Ella A. Gifford, formerly a police-woman in Salt Lake City, found a man ransacking her apartment here yesterday. She threw him down and held him until neighbors responded to her calls.

Cantilever Shoe for Men Women

A New Sense of Freedom

In Cantilever Shoes you walk with a new strength, a new rhythmic swing, a new lifting step, a new rhythmic swing of the foot to the other. Gone is the vise-like restriction of stiff soles. Gone is the weariness due to distorted feet and poor posture, gone are the aches and pains of fallen arches. Health and comfort walk in the Cantilever shoe.

Designed for Comfort.

In Cantilevers the weight is distributed so that there is no strain on the arch of the foot.

And the shock of the shoe flexes with every step, the shoe yields with the foot, the muscles have free play, they exercise and grow strong. Cantilevers correct and prevent flat foot because they strengthen the muscles that surround and uphold the small bones of the arch.

YOU WILL ENJOY THE SHINE, FESTIVITIES IF YOU WEAR CANTILEVER SHOES.

Expert Fitting Always

Airplanes to Bomb Swarms of Locusts

BAKU, Soviet Republic of Azerbaijan, June 15.—Forty airplanes will be used to light the swarms of locusts which are descending upon the crops of this district. The insects came from Persia.

The bombs will be dropped into the swarms and other breeding places; upon exploding they will be equipped with poisonous gas bombs which will cost the Moscow government \$9,000,000,000 Soviet rubles, or as a local humorist has said, one ruble for each locust.

YEOMEN TO GIVE DANCE.

Oakland Homestead No. 839, Brotherhood of American Yeomen, will give a "Snow Ball" dance in the I. O. O. F. hall, Eleventh and Franklin streets, tomorrow evening.

The committee in charge of the dance consists of Miss Elizabeth McInnis, William L. Gray, George Terry, O. B. Hadding, C. W. Willet, Evelyn B. Reitze, Barbara Denala, I. Orosky, Sophie Gray and George Hildreth.

Just see what tomorrow means in savings

43rd Anniversary Sale

KAHN'S

Friday---an unusually fine lot of
Bungalow and novelty aprons
Joins the Anniversary sale

Here are apron values that all women will appreciate. A quite different sale indeed in that every apron is an extra fine quality, and every apron worth far more than its present price indicates. There is great variety to the styles—another appreciable fact.

Amoskeag gingham and percale
aprons

Dandy little aprons, in the bungalow style, or slip-over effects, some even buttoning in front; many are belted, and many sashed. They're finished with pockets. The percales are small checks, the gingham colorful plaids. Sizes 36 to 44.

Good looking bungalow aprons

Novelty checks or stripes; plaids, too; some combined with chambray and many delightfully trimmed with organdy overskirts and touches, as the picture shows. Some have ric-rac braid trimming, and finished with buttons. Attractive pockets, some lacing in front. Included also are very lovely linens in plain or two-tone effects. A very great special assortment.

Lovely novelty aprons, \$2.50 to \$3.95

Crepes, satens, gingham combined with pongee and even organdy. There are regular and extra sizes, too. We could go into descriptions over these but that would be too tiresome, so we merely urge you to see these while the sale is in progress. The price surely is worth while (Kahn's second floor)

Time is getting short and it would be wise to buy
in this sale of

Royal Worcester and Bon
Ton corsets
\$1.45 and \$2.45

Such good makers needs no introduction. What they mean to you in styling, in fitting, and in quality of fabric needs no explaining. The price, we know, is the only thing that will need explaining. It's merely due to the fact that during the Anniversary sale we are giving extraordinary values on staple, good merchandise, of which this is one example. (Kahn's second floor)

Remember, boys
Saturday at 10 o'clock
the Babe Ruth bat
will be given away

Have you bought your sweater?

For if you haven't now is the time—for with every Babe Ruth sweater sold we will give a chance on this wonderful autographed bat. And the sweater is a wonder at that; of woolen, in the slip-on style, has the famous swatting ball pictured on the left side—and with Babe Ruth's name across it. You'll make all the other fellows envious if you have one of these. \$2.95—special for the anniversary. (Kahn's first floor)

The art needlework departments
offers wonderful sales opportunities
to the early shopper tomorrow

Wonderful new merchandise, bought specially for this sale—and every bit far under original worth.

Tea aprons, 19c and 25c

Pillow tubing, pair, 95c

Shetland floss, ball, 15c

Tapestry pillow slips, 50c

White center pieces, 25c

Pretty scarfs, 39c

Made nightgowns, 59c

Dress forms are attracting many at \$5.95

Perhaps it's because of the quality or the brand, or perhaps it's because the price is so conservatively low for Anniversary—but whatever it is, the women who have purchased feel it is one of the very best values we have ever offered for sales purpose. The All In One, with the wire skirt; sizes 32 to 42. (Kahn's Notion Dept., first floor)

An Anniversary sale of hair nets

The well-known PANSY HUMAN HAIR NET; double mesh, cape shape, in all the colors except white and gray, 10c.
THE PALM BEACH NET without the elastic, is an extra large size. On sale, by the dozen lots, only 50c. (Kahn's first floor)

HAZO CVICVC IS CHOSEN TO GET SIMPLE NAME

SACRAMENTO, June 15.—Liber Knesovick, just naturalized in superior court here, told Judge C. O. Busick he wanted to change his name. He said his name was too hard to pronounce and he told the judge what he wanted to be called. The judge told him to go ahead and announce his choice. Hereafter he will be known as Liber Mazo Cvice.

DANIEL WILLARD JR. WEDS. WALLACE, Ida, June 15.—At a quiet home wedding Miss Mary Beale, daughter of Mr. and Mrs. C. W. Beale, yesterday became the bride of Daniel Willard Jr., son of Mr. and Mrs. Daniel Willard.

An Easy Way to Borrow a Camera

Don't ask a friend to loan you a camera. Get one of us on a business basis. We charge no rent but do expect you to allow us to do the developing and printing. Bowman Drug Co., 15th and Broadway.

BEAUTY CANNOT BE

If the complexion is blemished by tan, freckles and similar discoloration, therefore, one should seek a safe, sure way to keep the complexion soft, clear and smooth.

Beauty Bleach has been used successfully by those who wish their complexion in perfect condition and they are very enthusiastic in their praise. Beauty Bleach will not harm the most delicate skin texture and will not grow hair. At all toilet counters 50c the jar.

Clip and mail this to Plough, Memphis, Tenn., for complimentary Beauty and Dream Book.

CONSTITUTION'S CHANGE MENAGE, DECLARES WEEKS

War Secretary Sees Decline in Government Through Direct Primary.

CLEVELAND, O., June 15. (By the Associated Press).—A frankly pessimistic view of some of the predominant tendencies of American political thought was voiced today by Secretary Weeks of the War Department at the commencement exercises of Western Reserve university. In an address which he said he was tempted to entitle, "The Decline of the American Government," the war secretary declared that the direct primary was gradually weakening the nation's government structure by undermining the constitution and sweeping away the principles of party responsibility. He said the direct primary "agitates and the country's readiness to accept constitutional amendments were given by the speaker as evidence that the government was heading away from the direct primary and toward complete social democracy. "As one result," he asserted, "in the public mind the legislative branch of our national government is probably never has been at lower ebb than it is today."

LESSENS QUALITY. "The direct primary," he continued, "has so palpably lessened the quality of men willing to serve in public affairs that prompt action should be taken to greatly modify or entirely repeal it." Turning to the "blocc" movement in politics, Weeks declared that when a party comes into power promising to do certain things and then finds that groups break away from party allegiance whenever their own interests seem to be directly involved, there is an end to responsibility in government. In his attempt to improve upon the work of the fathers by amending the constitution, the secretary said, the country had "failed signally."

He added that in the matter of popular elections "we have run riot," and suggested that much of the present unrest and uncertainty seemed to center in taxation. By way of instance, the secretary said his philosophical applied to no particular party, and that he spoke not as a government official but as a private citizen exercising his prerogative of free speech. His address follows, in part: "I am greatly disturbed by the departure in recent years from the government of the constitution, as I consider it to other forms of government which have a decided tendency towards complete social democracy. While I have no fear about the ability of our government to endure, I must admit that I am very pessimistic about the result of the present trend, which I cannot but believe is gradually weakening our governmental structure and

may eventually change its character. "It has been necessary to amend the constitution from time to time to meet changing conditions, which should only be done after very mature and deliberate consideration. "If any of you young men and women decide to undertake a public career, as I hope you will, let me urge you never to support a proposition because it is popular to do so. Be guided in your actions by wisdom and justice. It is easy to obtain the applause of the unthinking, but it is a cheap price. It should be administered by trained men. The constitution intended that this should be done and that the general common sense which applies in other fields of human endeavor should be used in administering the affairs of our government. "TENDENCY TO INTERFERE. "We see an increasing tendency on the part of the citizen to interfere in the details of legislation and the representative in Congress is rapidly becoming merely a delegate of his constituents. Of course he is aware that the people of his district in all probability have been unable to give the subject any deliberate consideration, but an active and organized minority may create such a furor that immediately demands are mistaken as the expressed sentiment of a majority. "I believe the mature judgment of the people of the country can be trusted to take any great question of government and discuss it fully in every school district and the country, through the press and from the platform, and the net results from a correct solution from the standpoint of the nation; but such a procedure is not possible in the case of one one-thousandth part of the questions pressing for solution every year."

C. of C. Organizing Speakers' Bureau Organization of a speakers' bureau to carry the expansion campaign of the Oakland Chamber of Commerce into every section of the city was begun today in connection with the preliminary phase of the movement now in progress to make the Oakland Chamber one of the largest and most influential civic-commercial organizations on the coast from the standpoint of membership and finances. More than a score of speakers versed in the past accomplishments of the Oakland Chamber and familiar with its proposed expanded program of activities will be used by the bureau to carry the appeal for support to virtually every social and civic organization in the city.

Body in Bay Identified.

SAN FRANCISCO, June 5.—The body of a man identified as Joseph Weston, a marine cook, 40 years old, was found floating in the bay off Pined 25. The corpse had been in the water about three weeks. Weston formerly lived at Palmer Hotel.

Your Vacation Camera Free

The Bowman Drug Co., 18th and Broadway, will loan you a camera free and allow you to take along all the films you want with understanding that all unused rolls can be returned and money returned.

Manufacturer Body Will Be Recreated

The Manufacturers' Bureau of the Chamber of Commerce is to be recreated. This organization of industrial leaders, at one time, was one of the strongest organizations of its kind in California, but was disbanded by mutual consent of the members. The new body, which will number several hundreds, will make it its business to care for industrial problems affecting the members. Committees which will have charge of this organization have been appointed by the Board of Directors of the Chamber of Commerce and is headed by John Phillips. The others acting on the committee with him are C. W. Foy, W. C. Sage, Charles I. Anderson and J. H. Fort.

NAPA TO PAVE

NAPA, June 15.—The city council Monday evening let a contract to R. E. Errington on his bid of \$7658.31 to macadamize Pine street from Jefferson to Walnut streets. At the same time the board overruled the protests of property owners against the improvement of Cross street, from Oak to Pine streets, and passed a resolution ordering the work done.

Aunt—Doris, do stop sprawling about the floor and behave properly. Don't you want to grow into the kind of a girl other people look up to? Modern Child—I want to be the kind of girl other people look round at.

ASK THE TRIBUNE Bureau Information

"Who were the Mission Indians?" The name is applied in a general way to the Indians that came under the control of the Spanish priests that founded the chain of Franciscan missions along the California coast between the years 1769 and 1823. These Indians usually came from the tribes in the vicinity of the missions. In some cases, however, Indians came in from distant tribes. The Mission Indians numbered nearly 20,000 in 1830. Under the direction of the fathers, they engaged in fruit raising and agriculture. The mission property was divided among the Indians following the secularizing of the missions by the Mexican government in 1834. The Indians then proceeded to squander the property, and in a short while they became scattered. At present about 3000 of them remain in Southern California. The remnant is composed principally of the Shoshonean and Yuma branches. "When and where was Ney, the famous French marshal, born?"

Marshall: Ney was born in Paris, France, in 1768. The TRIBUNE Information Bureau will answer all questions of general nature, except school or legal problems, debates, trade and firm names and queries as to the time of day. The bureau is open every day except Sunday from 8 a. m. to 3 p. m. If answers are desired by mail stamps must be enclosed. Quickest results can be obtained by telephoning to the bureau. If you have any problems of a general nature to solve, ask The TRIBUNE Information Bureau, Lakeside 6000.

MASONS ELECT OFFICERS. SEATTLE, June 15.—James McCormick, of Tacoma, was elected grand master of the Free and Accepted Masons of Washington yesterday. Thomas Holman, of Port Townsend, was elected deputy grand master. Other officers elected were Robert C. McCroskey Jr., Garfield, senior warden; Martin Gregory, Tacoma, junior grand warden; H. W. Tyler, Tacoma, grand secretary.

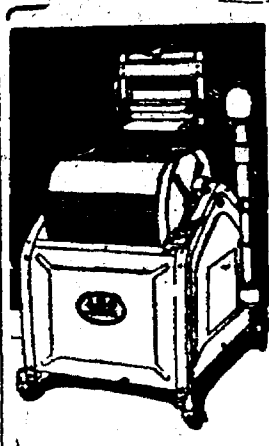

A Camera Will Be Loaned

You don't have to buy a camera for your vacation trip. You can borrow one at the 13th and Broadway Store of the Bowman Drug Co., and providing it is returned in good order there will be no charge. Adv.

Dancer Who Took Poison to Recover

Margaret Hawkins, 31 years old, a dance hall instructor, who attempted to end her life last night by taking poison in her room at the Crellin Hotel, was pronounced out of danger today. She was treated at the emergency hospital where she was taken last night by M. Nelson, who discovered her. According to police reports, Miss Hawkins knocked on Nelson's door last night. There were two other women there and Nelson answered the door and invited her in. She refused and returned to her room. A few minutes later she called Nelson on the telephone. "I've done it," she said. "I've taken poison." Nelson rushed to her room and found the young woman partly unconscious. He notified the police.

Nathaniel Halton, an English clergyman, suggested the idea of burying an unknown soldier from the battlefields.

Old-Time Telegraph Operators Will Meet

CHICAGO, June 15.—The 29th reunion of the Old Time Telegraphers' and Historical Association will be held in Chicago on September 14, 15 and 16. The organization has 1500 members representing every state and all of them telegraph operators of the "old school." Some of the members have been in the business of manipulating the key for more than half a century

and all have experience of at least a quarter of a century. Among the members are numbered men prominent in civic and industrial life.

INCREASE IN DIRECTORS.
MARTINEZ, June 15.—The California-Hawaiian Sugar Refining Corporation, which has its plant at Crockett, today filed a certificate with County Clerk J. H. Wells showing an increase from seven to nine in the number of its directors

RAIN, HITS TURLOCK.

TURLOCK, June 15.—Turlock awoke yesterday to a strange down-pour for this time of the year. Over night there had been weird rumblings from the vicinity of the high Sierras, and with a bombardment of about an hour down came the rain. As the morning wore on the fall diminished, until at midday there was a mere threat. The fall will do no harm hereabouts, the only effect being to hold back the fruit already under way, as the day was somewhat on the cold side.

HEART STUDIES OF ANCIENTS TOLD IN PARCHMENT

Document From Tombs Shows Egyptians Knew of Organ's Functions.

CHICAGO, June 15.—Egyptian physicians in the days of the Hebrew patriarchs knew that the heart is the center of a system throughout which its pulsations are felt. Besides muttering incantations they performed operations, made diagnoses, catalogued cases and verdicts, and pursued investigations in a scientific spirit, according to a study of the Edwin Smith Papyrus made by Prof. J. H. Breasted of the University of Chicago.

In the quarterly bulletin of the New York Historical Society, which owns the papyrus, Prof. Breasted declared that the ancient document lay in a coffin for "some three and a half millenniums." Pointing out that it was discovered by an American, Edwin Smith, the Chicago Orientalist, asserted that it contained "incomparably the most important body of medical knowledge which has survived to us from the ancient Orient anywhere."

He explained that whereas the other known ancient Egyptian medical documents were "hodge-podges of recipes dominated by magic," part of the Smith papyrus contained a systematic organization and discussion of cases.

HEART DESCRIBED.
The passage about the heart reads in part: "There is in it (the heart) a canal leading to every member of the body. Concerning these—if the physician places the fingers on the back of the head, on the hands, on the pulse, on the legs, he discovers the heart, for the heart leads to every member, and it beats (literally, 'speaks') in the canals of every member."

Dr. Breasted said that, although a similar account is given in the papyrus Ebers, the account in this papyrus is longer, and "forms an explanatory gloss appended to a case of a wound in the head—apparently in an effort to account for disturbances carried throughout the body, though resting from the seemingly local trouble in the head. This effort to reach a scientific explanation of the observed conditions illustrates the physician's interest in the scientific aspects of his subject, which we find throughout this venerable document."

OBSERVATIONS FANCIED.
The papyrus reveals a tendency to trust more to operations than to drugs, and a disposition to cooperate with nature which, Prof. Breasted considers extraordinarily advanced.

For example, the practitioner is advised in certain cases "to moor the patients on his fingers," meaning "to put him on his accustomed food without giving him medical treatment." Prof. Breasted suggested that the idiom was derived from the custom of eating with the fingers, and observed, "The student of English food hence will doubtless find phrases about food, like 'grub-stake,' quite as puzzling."

The text contains directions for operations on fractures and dislocations in head and neck.

Part of the papyrus was sold to Smith in January, 1862, by Egyptians who had ransacked a tomb. Two months later they sold him a counterfeit roll patched together from rubbish which they gave the appearance of a papyrus by wrapping around it and gluing in place tattered fragments which they had stripped from the genuine roll. Smith recognized and rescued the new fragments, which contained the discussion of the heart and its system of canals.

FREE STATE OF INDIA SOUGHT

DELHI, India, June 15.—A new political party, calling itself "The National Party," has been organized in the Indian Legislature to give embodiment to the ideas of the Indian Moderates. Under the leadership of Sir P. S. Sivaswami Iyer, it is seeking to extend its organization into the provinces and districts.

The new party stands for "The attainment by constitutional methods of full responsible government in India as an integral part of the British Empire." It is opposed on the one hand to those British interests which are seeking to prevent the attainment of self-government by India, and on the other hand to the aims of extremists Indians who are seeking to make India an independent republic and "do not limit themselves to constitutional methods."

The immediate objective of the party is full autonomy in the provinces and the transfer to the Legislature in the central government of the control of all subjects other than defense, political and foreign affairs, and ecclesiastical matters, subject to adequate safeguards for the protection of the vested rights of persons already in the service of the crown and the fulfillment of the country obligations.

Among other policies favored are the Indianization of the army by training Indians for service in all branches of the defensive force and for entering the commissioned ranks thereof, so that the Indian army may be officered by Indians.

Bantams for Boys!

Just as ready for "roughing it" are your boys-in-Bantams. Even a small boy likes his play toys different from sister's. That's why Bantams are "all-boy"—manly, rugged little playthings from start to finish. Let your dealer show you why it pays to spend an extra quarter for a dollar more wear.

bantams

Darlings of the beach

There's a tug at your heart as you watch the kiddies in their Kute Kuts romping in the sand. They're so captivating—these busy little daughters of Neptune—in their playtime togs!

The quaint peg top—the high curved waistband with tiny pleats below—the narrow red piping and shiny red buttons to match—all combine to make Kute Kuts the most attractive of playsuits.

And there are no more weary sighs over ripped and torn garments, either. For Kute Kuts are fashioned of the sturdiest materials: khaki, twills, denims. The wear points are reinforced. The seams are stoutly sewed. "Every stitch is guaranteed." And they won't fade, for the colors are fast.

You'll find Kute Kuts in varied assortment at nearly every good store. Priced lower than you'd expect, too!

CHRIS FOX SEEKS ASSEMBLY SEAT

Chris B. Fox, a resident of Berkeley, has announced his candidacy for the assembly from the Fourth District. Fox graduated from the University of California in 1922, and has practiced law in Alameda county for several years. He served a year and a half in the navy during the recent war, and is now a member of the Berkeley Post of The American Legion. He is also a member of the Native Sons.

"I am desirous of representing the people in the next session of the Legislature," admits Fox. "The Fourth District comprises generally Albany, West and South Berkeley, and the Santa Fe tract and Golden Gate in Oakland. There are a large number of my friends living in this district who urge me to make the race for the Assembly, and I therefore feel confident of success."

The next Legislature will be concerned with many important questions. One of these is the reapportionment of the Senate and Assembly Districts throughout the state. The southern and central districts will endeavor to obtain as many new districts as possible. This situation is very important and calls for careful consideration and co-operation by the members in the Legislature from the bay districts. I would like to take part in this contest as an assemblyman, and I am sure that my bringing about an equitable distribution of the legislative districts throughout the state and see that this section of the state, and particularly Alameda county, does not lose any representation which is properly due to it. There will be many important questions in connection with the University of California. As an alumnus of the University and a resident of Berkeley, I would make it my special business to see that the University should be elected, to do everything possible for its welfare."

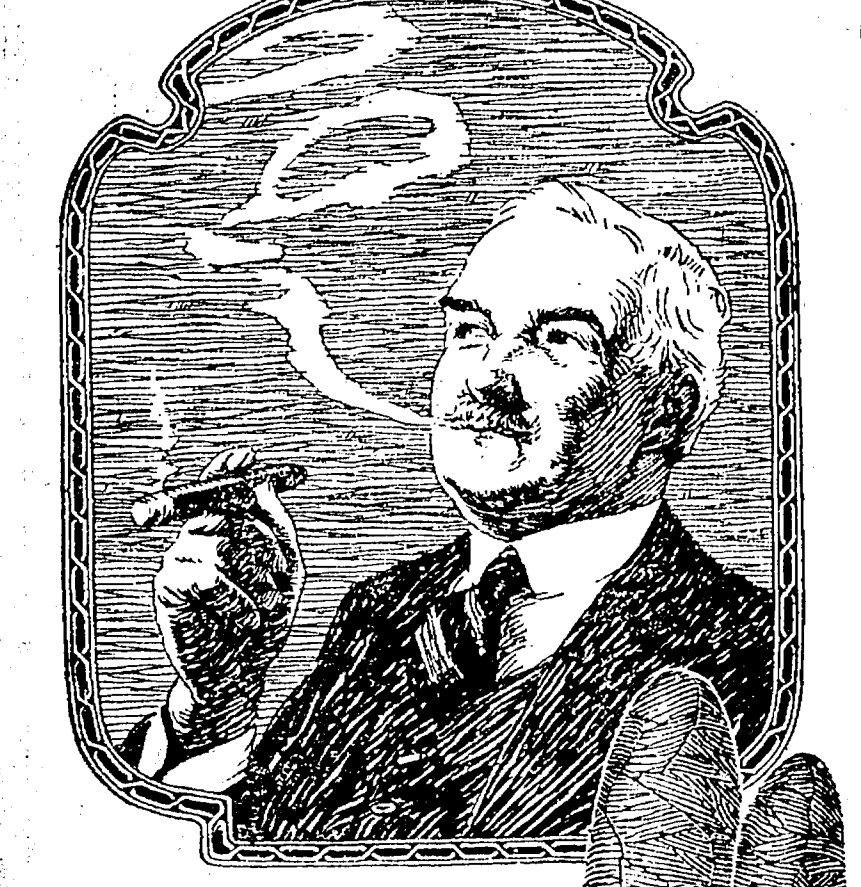

Why Not Borrow a Camera?

You are under no obligations if you borrow a camera of the Bowman Drug Co. They're glad to loan them and also glad to take back any unused rolls of films recently purchased.

A Man Watching Two Live Trout in a Window Display---By Webster

BIG GAME MUSEUM.
NEW YORK, June 15.—The Heads and Horns Museum has been opened at the Bronx Zoo. The building was erected to bring the public into close touch with the hoofed, horned and tusked big-game animals of the world.

RADIO SET COSTING ONLY ELEVEN CTS.

NEW INVENTION

PORTLAND, Ore., June 15.—The radio set is within reach of everyone, according to F. E. Van Ronk, an electrician in a Portland theater.

He says he has proved it by constructing a frank set with the aid of a large ink bottle, at a cost of 11 cents. Being a true radio "bug," Van Ronk hasn't patented his inexpensive apparatus and is willing to let the world in on the dark secret and make sets like it 11 cents without the galena telephone receiver and aerial wires," said Van Ronk. "A piece of galena crystal will cost 30 cents. Get about a dollar's worth of bare copper wire for the aerial and a \$1.50 telephone receiver of the ordinary variety, and the fun and pleasure you will get out of the set will be worth more than \$100 to you."

"Get a large ink bottle, or any kind of a bottle will do. Wind thirty-six turns of about No. 22 cotton covered magnet wire anywhere on the bottle. Tape both ends of the coil so the wire will stay on the bottle."

HOW TO MAKE COILS.
The coil is tapped in six places, six turns of wire to the tap, by letting a two-inch length of wire stand out from the coil at every six turns, twisting it and then continuing to wind in the same direction for six more turns, when the same action is completed.

"The detector is made by fastening a building paper fastener to the mouth of the bottle by two turns of friction tape and running a 'catwhisker' wire from the cork across the jaws of the 'bulldog' so that the catwhisker rests lightly on it." One end of the tuning coil is connected to the aerial and also to one end of the detector. The other end of the detector is connected to the terminal of the telephone receiver.

The other terminal of the telephone receiver is connected to the ground unit. Another wire from the ground is swung loosely above the tuning coil so that it can be connected to any tap of the coil desired. In this manner a variation of wave-length is had and the signals brought to the loudest point when the correct point is found. Make your aerial about 100 feet long and as high as you can get it. For ground connect to the nearest cold water pipe."

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenru with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.—Advertisement.

BLUE LAW LIFT; ICE CREAM REVELS FOLLOW

(By International News Service.)

HUNTINGTON, W. Va., June 15.—Huntington today was recovering from effects of a Sunday of wild revels of ice cream cones, soft drinks, movies and cigarette smoking.

The lid was off yesterday for the first time in three years and a public thirsting for the reckless, care-free days before an overdose of blue laws prohibited everything but prohibition. They retreated to the winds and went the limit.

Some of the most wicked attended a Sunday baseball game and munched peanuts as the players cavorted about the bases. Others boldly walked into soft drink parlors, where they enjoyed soda and candy.

Babies shouted with delight when daddy stopped the Eskimo pie man as he made his rounds. Gasoline stations and cigar stands did a raging business.

It was a good old-fashioned day such as the city had not known since Mayor C. W. Campbell went into office in June, 1910. Campbell made a record of enforcing every ordinance and statute, whether city or state, that was ever put on the law books.

A few weeks ago former Mayor Floyd S. Chapman was elected to the city's chief executive office. Running on an anti-blue law platform, Chapman defeated Campbell by the biggest majority ever given in a municipal campaign. Yesterday was the first Sunday of Chapman's administration.

The more liberal interpretation of the laws will extend to the bathing beaches, which opened for the summer June 1. At the municipal beach the young women were permitted to wear their one-piece suits.

phone is connected to the ground unit. Another wire from the ground is swung loosely above the tuning coil so that it can be connected to any tap of the coil desired. In this manner a variation of wave-length is had and the signals brought to the loudest point when the correct point is found. Make your aerial about 100 feet long and as high as you can get it. For ground connect to the nearest cold water pipe."

Goodbye Boils!

S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano—your blood is so choked full of poisons that they "boil up" until you destroy them completely by the use of S. S. S., the most powerful blood-purifier known to science. S. S. S. has stood the test of time. This power of S. S. S. is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. It cleans the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and drives out the blood impurities which cause them. It builds up the blood and purifies the system. S. S. S. is sold at all drug stores, in glass bottles. The larger size is the more economical.

HARDING PAYS TRIBUTE TO FLAG AT HISTORIC SPOT

President Speaks At Dedication of Memorial to Francis Scott Key.

BALTIMORE, June 15.—A national memorial to Francis Scott Key, author of "The Star Spangled Banner," was dedicated by President Harding yesterday on the site of Fort Mifflin, where in 1814 the flag to which the anthem was written during an attack by a British fleet. Referring to the inspiring words and their prayer that victory ever may be justly won, liberty is imperiled, the president declared that "to give ringing voice" to such an aspiration, which "one of the greatest services which any man could do for the young republic."

Towering skies and occasional rain greeted the presidential party as it arrived by automobile from Washington but did not damp the enthusiasm of the greeting by the people who lined the route of the procession which preceded the unveiling and in which the president rode. Thousands of massed and uniformed school children sang and waved flags in tumultuous greeting.

The dedication was the center of the nation's flag day celebration as Harding appealed for more of the spirit of Francis Scott Key to be instilled in Americans of today.

"REASSURING THOUGHT," the president said, "is the reassuring thought of today," he added, "is the supreme exaltation of Key in the hour of great trial to reveal the soul of a patriot in the night of surpassing anxiety and devotion to duty."

The president was taken into the old "star" bastion of the fortress on which the famous attack of 1814 centered and, with Mrs. Harding, inspected the post hospital, where 300 wounded of the World War are still under care, before going to the speaker's stand, erected in front of the colossal statue in bronze by Charles H. Niehaus to commemorate battle and song alike.

INSPIRATION OF WORDS.
"I ask you in fancy to turn your gaze back to the flag which inspired the immortal words of Key," the president said before beginning his prepared speech. "As I stand here I can see its folds. There were only 15 stars in it then. Then look at Old Glory before you, with its 48 stars symbolizing 48 unified states and consider that it is hardly more than a century since 15 filled its field."

"I ask you, in the face of that, what are the limitless possibilities of our reports of tomorrow. On in Baltimore are making a fine contribution to your monumental city, for it is the finest thing to preserve the heritage of the founding fathers. You'll never have an Americanism go wrong that cherishes the traditions and memories of the sacrifice that has prepared for it."

as high from the bottom and as low from the top as they desired. Their desire was mirrored in one of the most exquisite exhibitions the city has enjoyed in many a blue day.

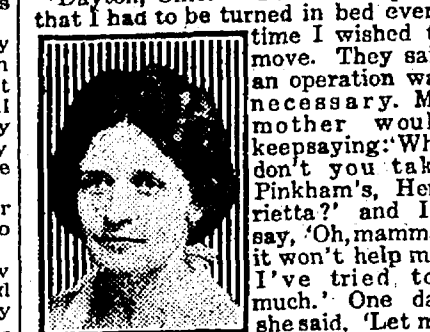

The new administration will not interfere with boxing exhibits, although there is a probability the state might prevent prize fights. Bob Martin is scheduled to fight in this vicinity the Fourth of July.

COULD NOT TURN IN BED

Operation Avoided by taking Lydia E. Pinkham's Vegetable Compound

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if it don't help you.' I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache. When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what thing I can help your medicine."

Mrs. HENRIETTA MILLER, 137 Sprague St., Dayton, Ohio.

get you one bottle of each kind. You won't be out very much if it don't help you. I don't know if you will believe me or not, but I only took two bottles of Lydia E. Mrs. HENRIETTA MILLER, 137 Sprague St., Dayton, Ohio.

Roscoe Arbuckle, 'Broke,' Loses His Home and Auto

By LANSING WARREN.
United Press Staff Correspondent.
LOS ANGELES, June 15.—Roscoe ("Fatty") Arbuckle, who last September drove to San Francisco in his \$25,000 custom-built car and gave a party, was "broke" today.

He doesn't own a car. He no longer owns his big mansion in this city.

For the film comedian, who recently was acquitted of the charge of manslaughter in connection with the death of Virginia Rappe, spent his entire fortune on his defense at his three long-drawn trials and is now dependent on his friends.

Arbuckle, whose pictures were barred from the screen by order of Will H. Hays, director-general of the motion picture industry, today declared in an exclusive statement to the United Press that he is so heavily in debt that until he can make new pictures he will have no hope of "coming back" in the motion picture or any other game.

"I'm not sobbing, however," Arbuckle declared. "Hays has said my pictures are banned pending an investigation and I'm sure he'll find I'm the victim of persecution. But until he makes his decision, I'm making no plans for the future."

Arbuckle denied that he had ever planned to launch an independent company to make films in defiance of Hays' order.

Employees of the United Studios who knew Fatty in the days when his waddle across the cinema lot proclaimed him the monarch of everything in sight say that Arbuckle is now nothing but a hanger-on. He has nothing to do and walks about the studios watching the people who used to work for him. Since his arrest last fall he has had no income whatever, except a check recently received from the Buster Keaton company for a scenario that Fatty wrote.

When Arbuckle returned here from San Francisco he was prepared to go back into the movie game and "make good" with the public. For several days he drove about town receiving the congratulations of his friends, and then went back to the studio to make the picture that would "square" him.

Hays' order put an end to this, and Fatty, acquiescing, withdrew from the picture industry, temporarily, he hopes. He has completely severed his connection with the business and is under no contract except that the Lasky company holds the rights to the films that he made before his trials.

Minta Durfee, Arbuckle's wife, who came to him during his trials, is now in New York, but is settling her affairs there and will soon return, it was stated.

In the meantime, Arbuckle is living at the home of Lou Anger, his former manager.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthosulphur. declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ringworm.

Seldom fails to remove the torrid, red, inflamed, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Menthosulphur from any good druggist and use it like cold cream.—Advertisement.

French Maid Sues Veteran for \$50,000

NEW YORK, June 15.—John L. Feeny, formerly a major in the A. E. F., was arrested today on an order secured by his former fiancée, Catherine de Cathelineau, a French girl of distinguished family, who charges breach of promise.

Miss Cathelineau met Major Feeny in Vivy, France, in 1918. They became engaged, she alleges,

and after Feeny's return to the United States he sent her money to come to this country.

Last May, Miss Cathelineau says, after he had introduced her to his relatives as his fiancée, Feeny told her he no longer loved her. Shortly afterward he married Miss Allison Frances McBain, described as an artist's model and actress. Miss Cathelineau asks \$50,000.

If you see it in The TRIBUNE, then so.

Free Proof that IRONIZED YEAST Builds Flesh—and Clears the Skin!

YES, we are willing to prove, *entirely at our expense*, that you can quickly banish pimples, blackheads, etc., and at the same time increase your weight to normal, and acquire a seemingly inexhaustible supply of new "pep" and energy! Simply mail the coupon below for the Famous Three Day Free Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then get ready for a surprise.

Skin blemishes begin to disappear almost as if by magic! Note the sudden increase in your vigor and energy. And as for putting new firm flesh on your bones—many thin folks report gaining five to nine pounds on the very first package of IRONIZED YEAST!

Results in Half the Usual Time!

The reason IRONIZED YEAST brings such amazing results is because it embodies a remarkable scientific process—called the process of ironization—which enables yeast to bring its wonderful results in just half the usual time. This process, embodied only in IRONIZED YEAST, helps to immediately convert the vital yeast elements into health and strength, thus enabling you to derive from yeast ALL of the wonderful benefits it holds for you.

Make This Free Test Today!

Don't lose a moment in sending for this remarkable test, which to thousands of thin, run-down folks has meant the beginning of glorious daily health. Test is absolutely free! Mail coupon today—now.

Activities of WOMEN

Miss Traphagen Is Bride at Home Ceremony

Last night marked two of the smart weddings in Eastbay circles—those of Miss Geraldine Traphagen and Arthur Hermann Leydecker and Miss Louise Walden and Arthur Pym Rhodes. Both ceremonies took place in Alameda at the respective homes of the brides-elect.

That of Miss Traphagen and Arthur Leydecker was solemnized at the home of Mr. and Mrs. Oliver G. Traphagen in Alameda avenue last night. A hundred relatives and close friends witnessing the nuptial service performed by Rev. D. O. Colegrove of the Methodist Episcopal church.

In the living room at one end was erected a bower of Dorothy Perkins roses and greenery, the home "done" throughout in June bloom.

The bride was a lovely picture in white crepe Romaine appliqued in roses. The wedding veil of Duchess lace formed the train of the gown and was arranged at the coiffure with a wreath of orange blossoms.

The shower bouquet was of butterfly orchids and lilies of the valley.

Miss Traphagen has a wealth of dark hair and large brown eyes striking contrast to her all white bridal attire.

Miss Elvira Ternan was the maid of honor and wore a chic frock of watermelon pink tulle of bouffant style with which she carried an armful of Delphinium. Master Theodore Leydecker, Jr., was ring bearer and his little sister Dorothy, the flower maiden, frocked in a pink tulle suit. Miss Leydecker was in a faultless suit of white satin.

Theodore Leydecker was best man for his brother.

A buffet wedding supper was served. Upon their return from their honeymoon Leydecker and his bride will reside in apartments in the Lakeshore district.

The bride attended the University of California and is a Chi Omega. She is an accomplished musician and vocalist, as is her husband, who is the son of Mrs. Albert L. Griffin of Alameda and a graduate of the University of California. He is in business across the bay.

The home of Mr. and Mrs. Jerome B. Walden in Central avenue was the scene of the marriage of Miss Louise Walden and Arthur Pym Rhodes.

An impressive altar was massed in hydrangeas and roses in the pastel shades.

The bride was gowned in white chiffon satin, the gown designed along the simplest lines, with which she wore a bridal veil of tulle that formed the train and was caught at the coiffure with orange blossoms. The conventional shower bouquet of lilies of the valley and orchids was carried.

Miss Marian Walden wore a frock of blue tulle draped in chiffon of the same color and Miss Jacqueline Snyder was in pink. Both carried arm bouquets of pink roses and fern.

Captain Everard Olsen, U. S. A., was best man.

Mr. Rhodes and his bride have gone to Lake Louise on their honeymoon and upon their return will occupy a lovely new home in St. Francis Wood across the bay.

The bride is a graduate of the University of California and a Delta Gamma sorority member.

Mr. Rhodes is a son of Mrs. Carrie Pond Rhodes of Alameda, and a nephew of Dr. James Haven Pond. He is a University of California graduate.

**If You Have
No Camera**

If you want to experiment with a camera you can borrow one at the Bowman Drug Co., 13th and Broadway. You are put under no obligations to purchase. The idea is to encourage amateur photography.

TODAY'S BEAUTY HELP

We find you can bring out the beauty of your hair to its very best advantage by washing it with canthox. It makes a very simple, inexpensive shampoo, which cleanses the hair and scalp thoroughly of all the dandruff, dirt and excess oil, leaving a wonderfully clean, wholesome feeling. After its use, you will find that the hair dries quickly and evenly. It is never streaked in appearance and is always bright, soft and fluffy; so fluffy, in fact, that it looks more abundant than it is, and so soft that arranging it becomes a pleasure. Just use a teaspoonful of canthox, which you can get from any good druggist, dissolve it in a cup of hot water, this makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head.—Advertisement.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid.

It is unnecessary for you to suffer with Eczema, Blisters, Ringworm, Rash, and similar skin troubles. Zemo obtained at any drug store for 50c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. Get it today and save all further distress.—Advertisement.

MRS. JOSEPH T. DEANE, bride, who has returned from her honeymoon south.

Boys photo

California graduate and member of the Beta Theta Pi fraternity.

In honor of Mr. and Mrs. Harold Jean Havre, Miss Elizabeth Moore will be hostess at bridge to two score of friends at the Walton N. Moore home in Crocker Highlands tomorrow evening.

Mrs. Havre, who was Miss Doris Rodolph, will entertain June 23 for Miss Laura Miller at her home in Lakeshore avenue. A score of intimate friends of the bride-elect will be guests.

In the presence of relatives and friends, the wedding of Miss Georgia Henn and Charleston J. White was solemnized at noon, June 7, in the auditorium of the First Presbyterian church in this city. Rev. Frank M. Sibley, pastor, officiating. Miss Edna C. Long was the only attendant upon the bride. The children preceding the bride party were little Doretta Henn and Jack White. The bride was given in marriage by J. I. Henn, and Clifford P. Dambacher was best man.

An informal reception was enjoyed at the home of the bride in Durst street, Berkeley. Both parties were educated in the college city. After their honeymoon the couple will make their home at 689 Walsworth avenue.

RETURN FROM MOTOR TRIP.

Mr. and Mrs. Claud Gatch and Miss Ortha Gatch have returned from a motor trip south, extending over several weeks. While in Coronado, Miss Gatch was the guest of Lieutenant and Mrs. H. T. Stanley. Mrs. Stanley was Miss Janet Cross of Mare Island, daughter of Captain W. M. Cross, U. S. N., now in Cavite, Philippine Islands.

Miss Mabel Anne Baird and Hugh Carleton Blodgett are to be married this evening at the home of the bride's family in Mosswood road. A wealth of pink roses and white candles will be used in the appointment. Miss Emily Baird will be maid of honor and Miss Marion Farrington and Miss Elma Blodgett will be bridesmaids. Miss Jane Blodgett is to be flower maiden.

ANNOUNCEMENTS OF WEDDING RECEIVED.

Mr. and Mrs. S. W. Peters, of Reno, Nev., have sent out announcements of the marriage of their daughter, Miss Blmo May Peters, and Harold M. Levy of that city. The ceremony took place Friday, May 19, in Reno. Mr. and Mrs. Levy will be at home to their

GIRL UNDER KNIFE, HEARS RADIO CONCERT

PHILADELPHIA, June 15.—Two recent inventions, one surgical and the other electrical, enabled a girl at Samaritan hospital to undergo two dangerous operations today and remain smiling throughout. One was a spinal anaesthesia.

which numbed the girl's body from her shoulders downward, making her oblivious to physical pain. The other was the radio-phone, through which she heard McCormack, Paderewski and renditions by other artists.

During the operations the girl remained oblivious of the surgeons. She was on the operating table 45 minutes. Her pulse remained normal throughout, Dr. Frick asserted at the end of the experiment.

KATO WILL WORK FOR NEW SLASH IN ARMAMENTS

Japan's Premier Pledges Faith to Maintain, Extend Era of Peace.

TOKYO, June 15.—(By the Associated Press.)—Admiral Togo Kato, Japan's new premier, today pledged the faith of Japan to co-operate with the other world powers for a further reduction in armaments, and to the maintenance of the new era of peace, which, he said, had been ushered in by the Washington conference.

"In brief, Japan's foreign policy, from which this cabinet will not depart, is to co-operate with the powers in the spirit as well as to the letter of the covenant of the League of Nations and the treaties and resolutions signed at Washington, with the view that concord and friendship may continue and develop among the nations and that reductions of armaments may steadily proceed to relieve the difficulties and burdens of mankind," Premier Kato said.

"The Japanese cabinet will endeavor to bring about an expedition and amicable adjustment of the adjustment of the problems relating to Siberia."

FIREMAN IS HELD FOR FATAL MISHAP

Charles Zimmerman, a member of the Emeryville fire department, is being held in the city prison as the result of running down and instantly killing Mrs. S. M. Dennison, 65 years old. The accident occurred last night at Fifth and Market streets when Zimmerman lost control of his machine. The automobile ran over the curb and struck Mrs. Dennison, who was standing on the sidewalk.

No charge will be placed against Zimmerman until after the investigation of the case. Police Inspectors Wood and Pardee, who investigated the case, say that Zimmerman was under the influence of liquor. Mrs. Dennison resided at 535 Market street.

Victim of Accident Loses Ring and \$50

BERKELEY, June 15.—Search is being made by the police for \$50 in currency and a \$100 diamond ring, lost by Dave Boccalero of the East Richmond hotel, in an automobile accident at San Pablo and Virginia streets, Tuesday evening. Boccalero sustained minor injuries when the machine in which he was riding was struck by a car driven by Officer William Peck of the Berkeley police department, the former machine being overturned.

According to Boccalero's report to the police yesterday the money and diamond ring fell from the pocket of his coat during the accident. The loss was discovered when Boccalero left the hospital yesterday.

Berkeley Realty Operator Is Dead

BERKELEY, June 15.—Lucius Corse, 70 years old and a well-known realty operator of Berkeley for the past ten years, died Tuesday at Santa Maria while visiting at the home of a daughter, according to word that reached Berkeley today. Funeral services will be held tomorrow from a Berkeley undertaking parlor at 2424 Telegraph avenue.

Corse was a native of Vermont. He leaves five children, Edgar Corse of Greenburg, Kansas; Mrs. L. B. Bainforth and Mrs. Percival Mills of Berkeley; Mrs. E. L. Lucas, Santa Maria, and L. H. Corse Jr., of San Francisco.

Housewives to be Hostesses at Picnic

ALAMEDA, June 15.—The Alameda Housewives League members will be hostesses at an old-fashioned picnic in Neptune Beach Wednesday, June 22. Admission to the park will be free. Two big features will insure the success of the affair. One of these is a debate between two prominent speakers upon the California water and power act. The other will be the old-fashioned dance to be held in the pavilion in the evening. The old time popular dances will be featured, such as the two step, the lancers, Virginia reek, quadrille and others. An entertainment will be secured to call off the social dance.

Alameda Scouts Will Go to Camp

ALAMEDA, June 15.—More than 100 Boy Scouts will leave Alameda Saturday for a camp at Sausalito. The camp will be located at Bonita between Sausal and Pleasanton on Spring Valley property. It is located in a great grove of oak trees. Adjoining the camp is the fine baseball diamond, Edward Albert Scout executive, will be in command and he will be assisted by E. H. Levy, Scout quartermaster, and a large staff of officers, and workers.

Miller & Lux Sue For Lumber Bill

LOS ANGELES, June 15.—Miller & Lux corporation has started suit in the superior court against John S. Cornell, a San Francisco contractor, for the estate of the late T. Frank Burke. Mountain View Lodge No. 82, I. O. O. F. Hall asserted that the claim, and alleged due to building material. The claim is made by the corporation that the material went into the Odd Fellows' hall. The complaint is a mechanic's lien. The plaintiff asks that the hall be sold to satisfy the claim made.

Big Wool Shipment

NAPA, June 15.—Zollie Iserlesky, local wool and hide dealer, has just completed a shipment of a quarter of a million pounds of wool to Woolen Jersey, and other eastern points.

S. J. Native Sons Present Flags to High School

SAN JOSE, June 15.—Flag day was celebrated by students of the San Jose High school yesterday in the most pretentious manner in the history of the school, exercises of an impressive nature centering around the presentation to the student body by the members of the San Jose parlor, No. 22, Native Sons of the Golden West, of two beautiful silk flags, on an American flag and the other a grammar school flag. The day exercises were also held in all of the grammar schools of the city.

A stirring patriotic address by Assistant District Attorney Percy O'Connor marked the exercises at the high school, the orator holding the close attention of the 2000 students. He traced the romantic early history of California and of the state and national flags, pleading at the same time for a deeper and stronger sense of patriotism among the young people of the present age. Chief Assistant District Attorney George H. Foster, acting as chairman of the day, introducing the speaker and formally making the presentation of the two flags, which today are stationed in their permanent positions in the school auditorium. Principal R. B. Leland made the formal acceptance of the flags, thanking the Native Sons on behalf of the students and faculty members of the school. A special musical program by the high school band and orchestra, with vocal selections, comprised the remainder of the day's program.

WOMAN HIT BY AUTO NEAR DEATH

BERKELEY, June 15.—With Miss Ida Wickman, 42 years old, 1034 Clanning way, at the point of death at Temple hospital, the police today are investigating the responsibility for the accident which caused her injuries late yesterday afternoon.

Miss Wickman was waiting for a street car at San Pablo avenue and Dwight way when she was struck by an automobile driven by a marine engineer, 62, a retired street car engineer of 444 Fifth street, Oakland. She suffered a fractured skull, broken right arm, internal injuries and other hurt, which hospital attaches say may cause her death.

Griffith declared that he and his wife were traveling at less than twenty miles an hour when Miss Wickman appeared from his machine and dozed in front of his machine. Witnesses stated that Griffith drove between Miss Wickman and the approaching street car and skidded almost sixty feet before he could bring his machine to a stop. The woman was unconscious when she was picked up by passing autoists and taken to the emergency hospital. Griffith is not being held by the police.

DEMURRER IN FEE SUIT LOST

SALINAS, June 14.—The demurrer of Mrs. Mary Murray to the complaint of several San Francisco lawyers who are suing to recover fees for services at the administration of the estate of her deceased husband, James A. Murray, was given twenty days to answer.

The Murray estate in California has been appraised at approximately \$2,000,000. The total state federal inheritance tax required to be paid by the next of kin of the dead millionaire will be nearly \$800,000, of which the State of California will receive about \$400,000.

Settlement of the final account of the special administrator of the Murray estate, as well as the matter of determining the amount of the lawyers' fees has been postponed until September 5.

Stolen Goods Shown in Court Room

Clark Louis Rudolph's desk in Superior Judge Lincoln Church's court resembled the bargain counter of a modern drugstore today, when a set of furniture, several articles of jewelry, a complete ivory toilet set and a huge leather traveling bag were spread out upon it by Deputy District Attorneys Ralph Hoyt and Miss Agnes Paulson in the courtroom. Rudolph, charged with the state's case against Moses E. Grossman.

Grossman, jeweler of 916 Broadway, is on trial charged with having purchased the articles knowing them to have been stolen.

Edward Graves, who recently pleaded guilty to the charge of having stolen the property from the rooms of Mrs. Albert Davis in the Castwood Apartment at Twelfth and Grove streets, testified today that he had sold them to Grossman for \$10.

Supervisors Favor Local Industries

Local industries are to be favored in the purchasing of county supplies hereafter, according to an announcement made by the county board of supervisors today at the request of the Merchants' Exchange.

A committee from the merchants' organization visited the county board today, asking that specifications for county supplies hereafter give preference to local products wherever these were equal in merit to those of outside contractors.

The committee was headed by George Sheldon and Emmett Hart, Assistant District Attorney Theodore P. Wittchen was instructed to draft a resolution to this effect to be voted upon at an early meeting of the board.

125 Boy Scouts Sign For Summer Camp

NAPA, June 15.—One hundred and twenty-five Boy Scouts of Napa have signed up for the summer camp at Lakeport from July 1 to July 15, inclusive, which will be under the auspices of the Boy Scout Council, assisted by the Napa Rotary Club.

Several high school seniors will be taken along to act as guides. The Rotary Club's Boys' Band will go along with the scouts, and the band will take an important part in the Fourth of July celebration at Lakeport.

The committee in charge is composed of Ralph J. Raymond, James Gillies, John N. Mount, E. L. Rickford and O. R. Hull.

TRACY I. O. O. F. VISIT HOME

TRACY, June 15.—The Odd Fellows and Rebekah lodges of Tracy visited the Odd Fellowship home on Monday night and gave the residents a musical entertainment. They were warmly welcomed by Dr. Arnold, superintendent. They held a picnic in the hall, after which they gathered in the assembly hall and gave a musical.

The following program was given: Piano solo, followed by the orchestra; introductory chorus, xylophone, Mr. Moore; orchestra chorus, xylophone Mr. Moore; orchestra; vocal solo, Mrs. Vogel; orchestra; saxophones; solo, Leotta Taitton; vocal duet, Mrs. Holl and Edna; orchestra chorus.

At this time Mrs. Arnold, worthy matron, was called for. Mrs. Arnold responded and warmly greeted the sisters and brothers from Tracy. At the conclusion of her speech Dr. Arnold asked as a closing number that all join in singing one verse of America.

Vallejo Notes

VALLEJO, June 15.—The members of Washington Lodge No. 7 of Vallejo and Pidelity Lodge No. 23 of Napa Knights of Pythias, will hold a basket picnic at White Sulphur Springs, Napa county, on Sunday, June 18. Athletic events will be featured during the afternoon.

S. J. Dunne, a retired naval veteran, died at his home Tuesday night after a long illness. He is survived by his widow and six children. The funeral will be held tomorrow.

An effort to secure 200 new members for the Vallejo Chamber of Commerce is being made here this week. Crack teams have been named and are scouring the city for new members.

Contractor W. H. Childers has started to unblock the pipe at Rockville. The pipe is to be moved to Susuel for use of the Vallejo Water Emergency association for the temporary water system.

Some of the navy war employees are expected to work on the boats of the thirty-sixth destroyer division on Saturday. This overtime work is necessary as the yard officers want to complete as much work as possible on the boats before July 1.

Repairs on the navy transport Capella will be finished by June 20. A new oiling system is to be installed on the vessel while she is here.

Governor W. D. Stephens is to come here on June 22 to attend the meeting of the Vallejo Redwood. The adoption degree for the 1000 membership class will be featured at San Pablo hall after a big parade is held through the business section of town.

Golden State hall was filled last evening with Elks and their friends who had gathered for the annual flag day exercises. Theodore Bell, of San Francisco, delivered the oration.

One hundred and fifteen pupils will graduate from the Junior high school on Friday night. Reverend James T. MacGovern, pastor of the Ascension Episcopal church, will give the commencement address. The class is the first to graduate from the Junior high school in Ohio street and an elaborate program has been arranged for the occasion.

The job of moving into the new Vallejo general hospital will be finished inside of five days, according to announcement made today.

Bishop L. W. Kyles of St. Louis, Mo., will preach the sermon at the dedication of the Kyles temple, A. M. E. Zion church, here on Sunday, June 25.

Arrangements are being made for the dedication of the Knights of Columbus building in Marin street this summer. Institutions will be extended to a number of the Oakland K. C. to attend the exercises.

Engineer Lester Kennedy left today for Gordon Valley to make survey of the land needed for the Vallejo water system. It is stated that the survey job will be finished inside of ten days.

Commander Harold Bowen will leave here on Tuesday to join the U. S. S. California. The officer was formerly on duty in the machinery department of the yard and has just returned from a 30-day visit in the eastern states.

The Pringle Construction company of San Francisco is to erect two new dwellings at the high power wireless base at the navy yard. The contract calls for the completing of the structures inside of 30 days.

The Pringle Construction company was the lowest bidder for the construction of the new addition to the Mare Island power plant. The bid was \$5800, according to the yard officials.

Lieutenant and Mrs. E. H. Duane and daughter are to leave this month for a visit to the Yosemite Valley. They will make the trip by auto.

THOMAS BRADY IS FREED ON COUNTS IN GANG CASES

Judge Ward Dismisses the Charges When Jean Stanley is Absent.

SAN FRANCISCO, June 15.—Thomas Brady, 31, of Howard street, was freed today on all counts in the five men arrested nearly two years ago to obtain a reversal of his case in the Appellate court, was finally freed today when Superior Judge Ward dismissed the charges against him.

Brady appeared this morning facing an accusation of attempted felonious assault upon Jean Stanley. The latter, with Jesse Montgomery, claimed to have been lured to a shack on Howard street. The Montgomery girl was assaulted, and Miss Stanley escaped. Brady was convicted, but the district court reversed his conviction.

Today Assistant District Attorney Stanislaus Riley announced that Miss Stanley was outside of the Tracy. At the conclusion of her speech Dr. Arnold asked as a closing number that all join in singing one verse of America.

Woman Supervisor Speaker at C. of C.

SAN JOSE, June 15.—Margaret Mary Morgan, member of the San Francisco county board of supervisors, is in this city today, scheduled to extend to the business and professional women of the community an invitation to the third annual convention of the California Federation of Business and Professional Women's Clubs in that city, June 22, 23 and 24, after which she will address the regular weekly meeting of 200 or more members of the local Chamber of Commerce forum.

WOMAN FIREBUG SENT TO PRISON

MODESTO, June 15.—Despite a plea for probation, a woman charged with the destruction of a building by fire, was sentenced to prison today. The woman, Mrs. Florence Gray, formerly a rooming house keeper of that city, must serve a term in San Quentin for arson. She was convicted yesterday afternoon by a jury on the charge that she conspired to burn the Santa Fe hotel at Riverbank, of which she was lessee.

Montgomery argued that Mrs. Gray was out of her mind when she plotted to burn the hotel. Judge Needham overruled his motion, stating that probation was granted only in exceptional cases.

The hotel was actually set on fire by Mrs. Gray, who had been informed of the plot, was on hand with firemen. He captured the three men who set the fire while the women extinguished the blaze. The three men captured were E. L. Keene, 17, and Alva and Alvin Graham, 1 and 19. They may be granted probation Monday. These three pleaded guilty.

Big Crowd to Go to Sierra Camp

To make arrangements for the largest single pilgrimage of Oakland citizens to the summer camp in the Sierras this year, Jap Nash left today for the camp, accompanied by Harold Weber, secretary to the mayor.

The big migration to the camp takes place Saturday. Nearly 150 citizens will go in one band, leaving in motor trucks from the city hall.

Two Cars Collide On Bridge, Wrecked

SALINAS, June 15.—A "head-on" collision which resulted in the wrecking of two machines and slight injuries to the occupants of both cars, occurred near Pleyto, when the cars driven by George Harris and Charles Saylor, prominent residents of that vicinity, met on the approach to the Pleyto bridge.

Just how the accident occurred is not known, but the Harris car took a flying leap over the embankment. Harris and his friend escaped serious injury. The Saylor family, aside from being severely shaken up and shocked, were uninjured.

Mike's In Again; No Casualty List

STOCKTON, June 15.—Michael M. Sanchez is in again for the seventh time in two months and there are no fatalities on the police force, despite his threat when first arrested that he intended to kill the next officer who attempted to interfere with his efforts to do as he pleased. Since that time he has been arrested so often, without protest on his part, that he is fast becoming a tame proceeding. This time he is in jail charged with driving an auto while intoxicated. Being unable to raise \$500 cash bail he was committed to the county jail yesterday to await trial.

Body of Salinas Hermit Is Found

SALINAS, June 14.—Friends entering the lonely cabin of Fred Martin, at Moss Landing, to find him dead, found his body lying upon the bed. Martin had resided in the little cottage by himself for a number of years. Several days previous he had complained of not feeling up to "par" and still the friends did not think it was anything unusual. Death was due to heart disease.

San Jose Vital Statistics

SAN JOSE, June 15.—The following vital statistics were recorded in this city today:

MARRIAGES.
Bohlen-Henningsen—Frank Herman Bohlen, 24, San Jose, and Hazel Myrtle Henningsen, 21, San Jose.
Payne-Morrison—John D. Payne, 32, Santa Maria, and Marion Morrison, 16, Santa Maria.
Fountain-Laughlin—Mitchell Fountain, 31, Sacramento, and Crystal Laughlin, 27, Sacramento.

SANTA CLARA CO. CUPID FAVORED BY ALAMEDANS

SAN JOSE, June 15.—Nineteen per cent of all marriage licenses issued in Santa Clara county are to couples residing in Oakland and other parts of Alameda county, according to statistics compiled by Herman Pfister, deputy county clerk and official cupid of the local office.

The above percentage, Pfister states, is based on the licenses issued during the past three months.

Santa Clara county provides less than half of the marriage prospects for the local license bureau, the percentage being set at 47 by Pfister. San Francisco couples average 20 per cent of the total, while other counties make up the remaining 14 per cent of local licenses issued. The number of licenses issued here each month ranges from 150 to over 200.

SPEEDERS ARE FINED.

ALAMEDA, June 15.—The Shrine parade got L. Loveland off on a half fine for speeding before Judge Weinmann this morning. Loveland excused his fast traveling upon the ground that he was delivering a Shrine to Oakland's parade. He was fined \$2.50. James Kerr and Ivan Johnson were each charged \$5 for speeding. C. C. Vargas and J. Wanderer elected to spend two hours each in the jail for the same offense.

Woman Supervisor Speaker at C. of C.

SAN JOSE, June 15.—Margaret Mary Morgan, member of the San Francisco county board of supervisors, is in this city today, scheduled to extend to the business and professional women of the community an invitation to the third annual convention of the California Federation of Business and Professional Women's Clubs in that city, June 22, 23 and 24, after which she will address the regular weekly meeting of 200 or more members of the local Chamber of Commerce forum.

"Why Business People Should Be Interested in Politics" is the subject to be discussed today by Mrs. Morgan at the Chamber of Commerce meeting and her address is being awarded with interest. A special delegation of members of the San Jose branch of the American League of Women Voters is to be present for the meeting, having been extended an invitation.

BOARD PLANS TO ROTATE FETES ON FOURTH OF JULY

Supervisors Would Have Each Town in County Play Part of Host.

A rotating system of Fourth of July celebrations, in which each city and town in Alameda county will have its turn at playing host to the rest of the county, is to be proposed by the board of supervisors.

This decision was announced today following the awarding of \$1500 to the American Legion posts of Oakland for this year's celebration, and \$750 for the celebration in Alameda.

In the future, it will be the policy of the board, it was announced, following suggestions made by Supervisors Hoyer, Stater and Knox, to award but one sum each year, and this to a different section of the county, so that one section will not be favored more than the rest.

The money was granted out of the county's advertising fund. The American Legion originally asked for \$2160, but later reduced the amount requested to \$1500.

Members of the local Chamber of Commerce forum.

"Why Business People Should Be Interested in Politics" is the subject to be discussed today by Mrs. Morgan at the Chamber of Commerce meeting and her address is being awarded with interest. A special delegation of members of the San Jose branch of the American League of Women Voters is to be present for the meeting, having been extended an invitation.

NAME TOO LONG, BOY, 12, SEEKS COURT CHANGE

SAN JOSE, June 15.—Huntington Todd Perkins of Los Gatos is 12 years old and doesn't like his name. So strong his aversion to the length, awkwardness and subsequent inconvenience of his name that he today filed suit in the Superior Court here seeking its change. He would much prefer, he said, to be known as plain David Perkins.

The petition for change of name was filed for the young man by his parents, through Attorney E. D. Pratt of San Francisco.

At the same time, not to be outdone by her elder brother, 8-year-old Dorothy Perkins requested the court through her parents that her name be changed to Mary Alice Perkins, this change being asked in order that the child might be named in memory of her grandmother. Hearings on the two petitions have been set for August 11 in Superior Judge J. R. Welch's court here.

S. J. Policeman To Visit 'Old Country'

SAN JOSE, June 15.—Theodore Chargin, for many years a member of the San Jose police department, is soon to obtain a leave of absence preparatory to an extended and perhaps permanent trip to Dalmatia, the place of his birth. Chargin yesterday applied to County Clerk Henry A. Pfister for passport papers for himself and his wife, stating that they will depart for the "old country" in early August. He will be granted a leave of absence for the period of a year, but admits that there is possibility that he may not return. Chargin and his wife left here early in 1914 for a visit to their Dalmatian home, but were forced to turn back from Paris because of the outbreak of the world war. The officer denies that he is returning to his native country to enter politics.

BARLEY EXPORT BEGUN.

PORT COSTA, June 15.—First shipments of new barley from interior points for transport to foreign countries is being received at the mammoth Port Costa warehouses, Monday the initial shipment came from Tracy. Warehouse dealers declare that barley shipments to foreign countries, particularly to England, will be exceptionally heavy this year.

AUDITORIUM FOR SAN LEANDRO IS CONFERENCE AIM

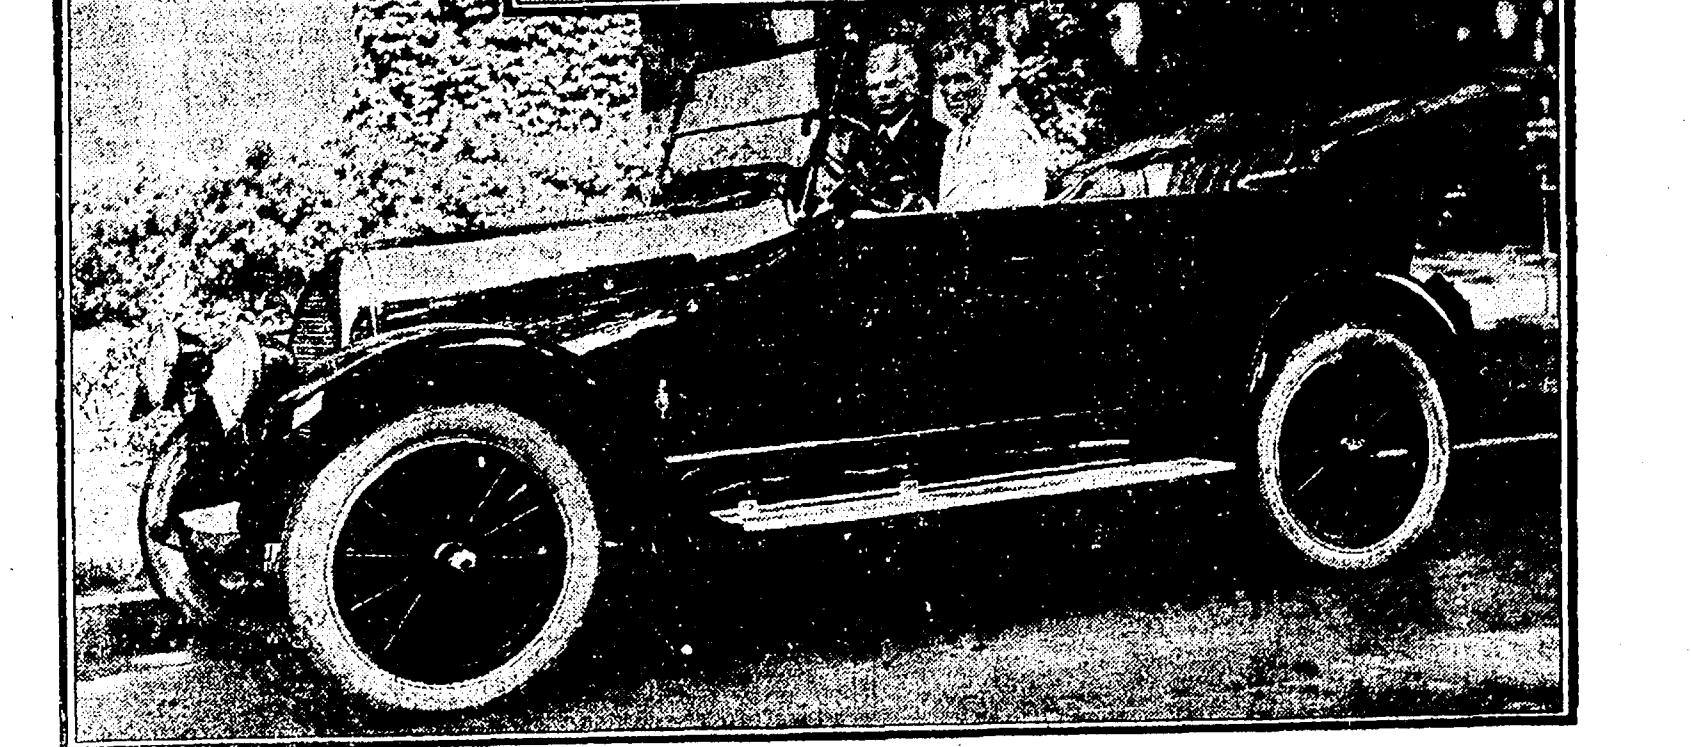

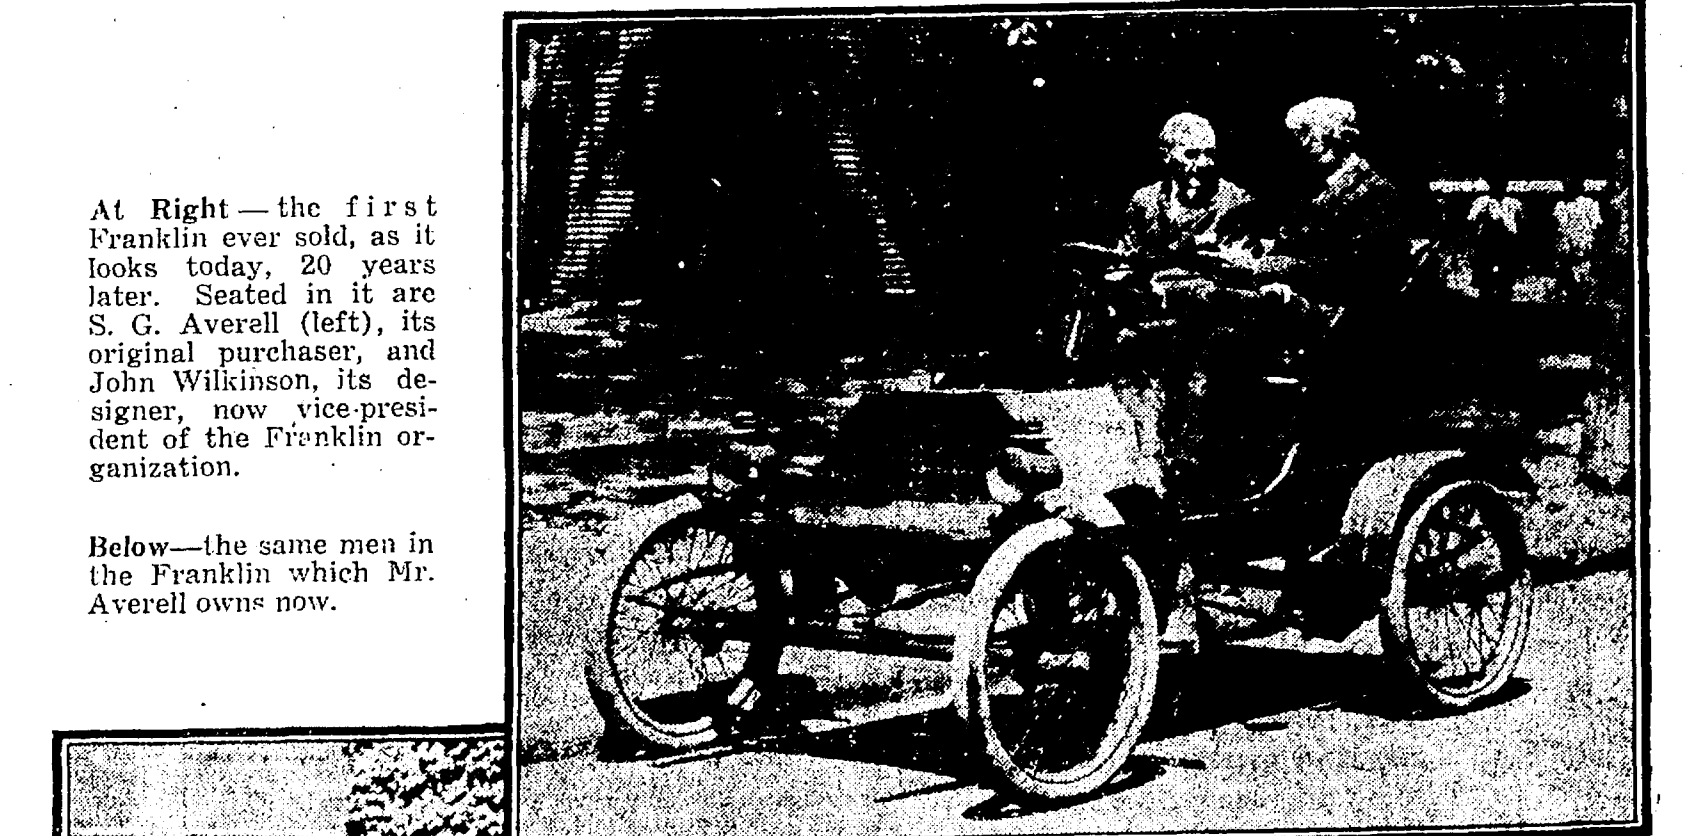

Program Being Arranged for Bay Cities Conclave; Open Friday, June 23.

SAN LEANDRO, June 15.—Farley Granger, secretary of the San Leandro Chamber of Commerce, is busily engaged in preparing a program for the entertainment of the Bay Cities Conference, to be held here Friday, June 23. Granger is working in conjunction with Charles A. Simmons, executive secretary of the San Francisco chamber, who is also president of the conference.

A list of prominent speakers will appear and address the gathering on subjects of interest to the community and state, according to Granger.

Granger has chosen for his subject the highways of the northern portion of the state, while Mark A. Lee, secretary of the Hayward Chamber of Commerce, will explain the advisability and possibilities of the establishment of a civic auditorium in or near this city. Additional speakers, scheduled to appear, have not yet announced their topics.

FRANKLIN

At Right—the first Franklin ever sold, as it looks today, 20 years later. Seated in it are S. G. Averell (left), its original purchaser, and John Wilkinson, its designer, now vice-president of the Franklin organization.

Below—the same men in the Franklin which Mr. Averell owns now.

Twenty years ago June 19th, the first Franklin was sold -- and to the owner of a water-cooled car.

Today the Franklin is selling faster than any other car of its class

\$1950

EDNS

NOBLES SET NEW HIGH MARK IN SPLENDOR AT PARK STADIUM

MASSIVE REVIEW SETS NEW MARK IN SHRINE WEEK

Eighty Bands and Patrols Seen at Best in Golden Gate Park Stadium.

(Continued from Page One)

A, and a large number of other army officers. The sight of the gaily-clad marching nobles and the music of the bands will live long in the memory of those who were fortunate enough to secure admission to the display.

The program of today was chock full of interest to the Shriners and their friends, who have come from the four corners of the United States at the most pretentious convalescence ever held in the West.

SIGHT-SEEING TOURS ARE FOUND POPULAR.

Early this morning the sight-seeing rides piloted by members of Islam Temple of San Francisco and Aahmes Temple of Oakland started with the Shriners as guests.

Meanwhile circulating street car rides for those who preferred the electric driven vehicles were operating for the visitors who are the guests of the city.

Ladies of the imperial officers and representatives were accompanied by an escort from Islam Temple for a trip to Mount Tamalpais today and after viewing the beauties of the bay counties from the summit the party adjourned to Muir Woods for a basket lunch. The party returned to San Francisco early this afternoon.

SHRINERS ARE SHOWN WHAT STATE CAN DO.

The second floor of the Exposition Auditorium was packed throughout the day with Shriners desirous of seeing just what California has done and can do in the various lines of world endeavor. It is here that the exhibition of California products is being held.

For those who could not crowd into the stadium this morning there was still another treat for Uda Walidpur gave an organ recital on the celebrated exposition organ at the Exposition Auditorium.

The balance of the day was taken up with hand concerts at the Civic Center, Union Square, Sutter Baths and ocean beach.

That was one section of the program. Because of the number of guests it is necessary to have many programs of entertainment. At Ewing field those who are interested in the sports of bulldogging and rough riding were given their fill of excitement at the Shrine Rodeo. All Shriners in uniform and one lady are admitted to this event free.

One of the many tours enjoyed by the Shriners was a visit to the S. S. "Korea Maru," which is docked at Pier 34 and was thrown open to visitors from 2 o'clock until 5. The Korea Maru is one of the steamers of the Toyo Kisen Kaisha, the Oriental Steamship Company, and operating between San Francisco, Japan and Hong Kong.

At the Presidio Crissey aviation field was alive with interest for the knights of the tee.

First of all there was a machine gun battle between aeroplanes and a target in the bay off Crissey field. Needless to say the air craft made short work of the floating target.

Then came air maneuvers and drills and then a tour of inspection with guides from Crissey field and a sham battle by land of forces of the infantry and artillery.

The final order of the day at Crissey field was the dress parade and infantry drill which won the enthusiastic plaudits of the visitors.

Tonight will see the Shrine historical Masonic pageant which is expected to be the most beautiful procession of all those held by the Shriners. The parade is scheduled to start promptly at 7:30 p. m. and will follow the official route.

Special Program For Shrine Week

A special program has been arranged for "Shrine Week" at the regular Form and Fellowship meeting of the Sons and Daughters of Washington to be held at the American Institute tomorrow evening at 8:15.

The addresses of the evening will be delivered by District Attorney Ezra Decoto, who will speak on "The Analysis of Crime," and Dr. J. Edgar Hoover, who will speak on "How to Live as Long as You Please."

Harmonica selections will be rendered by J. D. Brown and special piano solos will be contributed by Eugene Chernogovskiy, Russian pianist of the organization. There will be vocal selections by Dr. Roy Moore and Harold Langtry and a reading by Jean De La. A full hour of social hour, including dancing, will follow.

Visiting Shriners Will Get Souvenir

Every Shriner from outside the state of California is to be presented with an illustrated souvenir booklet describing the advantages of Alameda county, as the board of supervisors. Fifty thousand of the booklets were today ordered prepared by a local advertising firm and will be distributed before the closing of the Imperial Council in San Francisco.

The booklets are to be issued under the direction of the Alameda County Development Commission, of which Harry Williams is secretary. Other members of the committee are M. G. Callaghan, J. H. Curry, I. H. Syre and E. K.

Oakland's Shrine Parade Written Down Into History

Scenes taken at random during the gala pageant in this city. In the upper left is seen Murat Temple from Indianapolis, while Za-Ga-Zig Temples of Des Moines, with its radio patrol occupies the upper right. Left center shows the boys of the Order of the Molay and on the right can be seen the representation from Hillah Temple, Ashland, the smallest temple in the world. The lower left is the picturesque delegation from Syrian Temple, Pittsburg, and the lower right is the Zuhrah Temple delegation from Minneapolis, headed by Captain A. M. Shuey, veteran leader of the organization.

Part of Flag Staff Stolen From Patrol

The Aid Patrol of Duluth, Minn., is looking for the person who carried away a section of its parade flagstaff. The staff was stolen from Idora park, where the Shriners were being entertained yesterday afternoon. The theft was reported to Captain C. H. Buck of the Northern police station.

Aahmes Temple Band at T. & D. Tomorrow

There will be a lively time at the Oakland T. & D. Theater tomorrow evening when the Aahmes Temple band will display their musical ability on the stage. The band has more than fifty members, with William Brown as leader and Wm. J. MacDonald, drum major and manager.

The aggregation has been praised by every Shrine temple in the United States. A number of concert numbers, which will be both on the classical and jazzed tunes, will be given.

The men will parade down Broadway to the theater and will be met by Managing Director Carson Dahlin.

Molders' Union to Hold Picnic Sunday

International Molders' Union No. 164 will hold its fifty-fifth annual picnic and games at Shellmound Park next Sunday.

Athletic events and dancing will be among the features of the day's program, including a two-mile relay race in which teams from Oakland, San Francisco, Richmond, Vallejo and Ukiah will compete. Superior Judge Michael J. Roche of San Francisco and J. H. Rhodes, superintendent of the government foundry at Modesto, will be the principal speakers.

Rev. Clarence Reed To Tell of Holy Land

"California, Our Holy Land," will be the subject of an address by Rev. Clarence Reed before members of the High Temple Club at a luncheon tomorrow at the Hotel Oakland. Members of the club have been asked to bring a Shriner to the luncheon.

Man Robbed By Unarmed Bandits

While walking home early this morning John Devine, 1430 Madison street, was grabbed by two men who beat him and robbed him of \$10. The holdup men were unarmed. Devine reported the holdup to Police Inspector Tom Gallagher.

The Pilgrim's Progress

By E. VAN LIER RIBBINK.

"I'll sing thee songs of Araby and of sweet Kashmir" was the song of the fat Chunter in the green fox and the red Zouave pants announced to the audience in the Civic Auditorium, after he and his guitar had made the ascent of the podium with difficulty and much stertorous breathing.

"Nix on that," yelled his fezzed audience, "Giv us Dixie!"

Eureka! The interpretation of the name of "Za-Ga-Zig" famous Temple of the Des Moines Nobles means "to tickle," and it sure goes!

"Darling I am growing old—'Silver threads among the gold.' So sang that famous old-time minstrel, Dick Jose, as he stood on the Imperial Council platform, his hands resting on the shoulders of Benjamin Rowell, Imperial Recorder, and William Brown, Imperial Treasurer, both re-elected after many years of loyal Shrine service. It brought the house down, and there were few dry eyes.

"Sunny Jim" McCandless, Imperial Potentate-elect, who made a great fortune in Hawaii, has crossed the briny between Waikiki Beach and the Golden Gate eighty-two times. The ease with which he exchanged his land legs for his sea legs, and vice versa, is bewildering to the most seasoned mariners.

H. Springer, band master of Redwood Temple, Mukogoo, Okla., is a pure-blooded American Indian Chief in his own right. Chief Springer's band is one of the finest at the convention.

W. Ireland Kendrick, Past Imperial Potentate of the Mystic Shrine, and "father" of the Shrine Hospitals for Crippled Children Movement, will be Philadelphia's next Mayor, according to the Nobles from that city, who say he is sure to win.

"Thalatta, Thalatta!" exclaimed Kenophon's Greeks when their eyes beheld the ocean. The enthusiasm of the convention of Hellens was as nothing compared to that displayed by Shriners from the Middle Western States who see the great water for the first time. Thus two Nobles from Ahi Hoku Temple, Sioux City, received a wetting from the waves as they "dipped their hands in the Pacific." Said they: "It doesn't matter. We could not have gone home to the corn fields without touching the Pacific."

C. A. ("Cabby") Brown, millionaire planter of Honolulu, was in Europe when he heard about the Shrine convention in San Francisco. So he took the next steamer over, and reached Aloha headquarters at the Stewart Inn. He will go on to Honolulu with the party of the new Imperial Potentate.

The largest pennant that ever sailed the seas, being 100 feet long and carrying the words "Imperial Potentate," will be unfurled from the masthead of the steamer, carrying the camera.

Cameras Loaned Free

Don't take a vacation without a camera and plenty of films. Go to the Bowman Drug Co., 13th and Broadway, and borrow a camera and get a lot of films. You can return all unused rolls and get your money back. No charge for the camera.

Shriners to See Big Motor Ship

America's largest motor ship, the California, was one of the sights seen by the visitors to the Shrine convention in this city when the vessel docked at the Lake Merritt wharf, having completed its maiden trip from Boston with 500 tons of freight.

The California arrived yesterday morning and was officially welcomed by V. O. Lawrence, president of the company in Oakland, and about 500 prominent shippers, merchants and manufacturers. The cargo on the maiden trip included tin plate and general merchandise from Atlantic seaports.

The vessel is 451 feet long and is a ship of 14,000 tons. It was built in Chester, Pa., and was used in intercoastal and foreign trade. Power is furnished by two 4-cylinder marine Diesel engines. The engine room is fitted up with four auxiliary engines having two cylinders each and directly connected with direct generators.

The next stop of the vessel is New York.

Shriners Spend Evening at Lake

To the Shriners and their families who have danced and been entertained for the past three days the quiet evening at Lake Merritt last night provided by Aahmes Temple and the city of Oakland proved a welcome respite.

The lake was again resplendent with colored lanterns, the lights flashed on the fountain, reflecting their myriad hues in the quiet water, floating bands played all evening and thousands of people filled the automobiles that surrounded the lake from early in the evening until almost midnight.

On the lawns, down to the water's edge happy visitors and home folks rested until a late hour, and this morning parade Shriners declared that they have seen nothing on their trip to compare with the quiet beauty and charm of Lake Merritt at night.

Wife of Shriner Loses Lavalliere

BERKELEY, June 15.—Mrs. Julius Joffe, wife of a Los Angeles Shriner in attendance at the San Francisco convalescence, is mourning the loss of a \$750 diamond lavalliere, according to a report made to the police yesterday by Joffe.

Mrs. Joffe wore the diamond pendant when she left the Hotel Whitecourt yesterday morning to attend the quiet evening at Lake Merritt. Whether the necklace was stolen or dropped from Mrs. Joffe's neck while riding in an automobile and traveling through the crowds the Joffes are unable to state.

The Joffes came to Berkeley earlier in the week with the Los Angeles delegation of Shriners.

SHRINER GUESTS ARE CAPTURED BY OAKLAND CHARMS

Brilliant Flowers, Wonderful Drives and Lavish Hospitality Win Visitors.

By GEORGIA G. BORDWELL.

It does not seem polite to brag about one's own party, but what else is there to write about today unless we do? For yesterday was Oakland's day, although it belonged officially to Aahmes Temple.

Ah, my friends, it is to be sure, with its clubrooms thrown open to welcome the visiting Shriners and their families, but by evening everyone who owned an automobile or a club had been in the middle of everything.

Even before the parade started the Aahmes clubrooms were crowded to capacity with the visitors, who were living on this side of the bay this week. Thousands of baskets of fruit and bouquets of flowers were given away.

GERANIUMS IN DEMAND.

The girls who presided over the flower laden table, arranging the bouquets, had an amusing time all morning. They were all Oakland girls, born and reared among the flowers, and to them it was extraordinary that the guests from far away should go into such raptures over red geraniums. There was every sort of lovely flower on the table, but red geraniums were all ways at a premium. Again and again the girls sent some one out into the back yard to bring in more.

One woman said, "Will you give me a bouquet of only red geraniums—they are so beautiful?" and one woman whose hair was softly graying almost cried when she said that she was going to press her bunch of red posies and take them home for remembrance—that never in her life had she hoped to have so many at one time. This is the city where, but it is not; it is the story of the wives of men who are among the successful ones of the country.

Red geraniums! The next time we go out in the yard let us think a minute before we decide whether we will thank heaven for being so rich or pull the fool things out for crowding out the more modest flowers or growing where we didn't plant them.

CARS FOR SHRINERS.

Showing the visitors all the beauty spots, taking them wherever they wished to go during the day, it was not good form to have less than four gaily costumed Shriners in the car, and smiling, indeed, were the women who had two of them sitting in the back seat.

The picnic luncheon under the trees at Idora was like a Maxfield Parrish painting. Blue sky—spots of brilliant sunshine and purple shadow—red and green, and the colorful velvet and satin accenting the sunshine—hazy wisps of smoke drifting up through the trees. Everyone loves a picnic—and the Shriners were no exception.

It took Noble W. C. Robe, manager of Aahmes clubrooms, with twenty assistants, from 4 in the afternoon until 6 in the morning to pack the 6000 boxes—luncheons provided for the guests. It took the biggest motor truck in town to haul them to Idora. It took fifteen minutes for the Shriners to demolish every last morsel—not that there was a bit left, but a long march and sunshine after rain—what that won't do to the appetite!

PILGRIMS CAPTURED.

A Za-Ga-Zig character took an early train back across the bay so he could bring his luggage over for the rest of the week. An Al-Indian, but who in real life is one of Pueblo's most distinguished surgeons has decided to make his future home among us in Oakland. He spoke of having to go back to Deadwood.

So far no Al Malakiah (Los Angeles) has expressed his intention of leaving for good his adopted home, but he said yesterday we have to us and the Queen of Hospitality acted in her most queenly manner and those Al Malakiah said they had one fine time with Aahmes band and patrol.

END OF PERFECT DAY.

Late in the afternoon the start-cars at Aahmes Temple worked hard to discharge their duties. It was not until after midnight that the preferred cars were filled with guests—bound for anywhere—and to see that all guests were provided with tickets for the return trip across the bay.

By 6 o'clock all the visitors had been over the skyline boulevard, to the beaches and about the campus and spending the parting guest was made embarrassing by the fact that every entry ticket was offered the guest said, "But I don't want to go home."

Upstairs at Aahmes an orchestra played all day long. Couples danced in and out of the ballroom until night that the ballroom was taxed. It was the out-of-doors that won the hearts and interest of the eastern and northern and middle western Shriners, and the families. As one of them said, you can dance anywhere, but it is the opportunity of a lifetime to take one of the most famous drives in the world—and to do so many times over, I didn't know until he told me that the Skyline boulevard is double-starred in the guidebooks—did you?

Lured by the prospects of seeing another parade many Oaklanders accompanied the Shriners across the bay last evening—their music and their costumes and their marching fascinate one until, when the parade was over, they were small hours this morning, when hundreds of them returned on late boats, weariness descended—for it was then found that while special late boats were provided for the Shriners, so that while taxicabs did a rushing business all night quite a goodly number had an early morning parade of their own from Broadway to their respective downy couches. At that, it was worth it.

Lincoln's religious life was influenced most by a Book written by a Presbyterian minister.

GOLD STAR IS STOLEN FROM JUDGE'S CHARM

A pickpocket cut the gold star off the Shriner watch fob which was worn by Judge Lincoln S. Church, who is the presiding judge in the criminal department of the superior court. The gold star was set with diamonds and was valued at \$250.

Judge Church was watching the Shrine parade yesterday when the thief cut the star which hangs underneath the crescent. The judge discovered that the watch chain had been cut, but the chain had been cut, Judge Church resides at 55 Fairmont avenue.

RUSSIAN FOOD RELIEF IS URGED

The local sale of Russian Food Remittances will be carried on by the Jewish Relief Federation of Alameda County, the official representative of the American Relief Administration. The appointment was received by the local group this week. The remittances may be purchased here for the relief of destitution of specified persons in Russia. In the event the purchaser does not desire to assist a particular individual, he may buy a food remittance drawn in favor of "general relief." Representatives of the American Relief Administration, co-operating with relief distributing committees will issue food to persons in greatest need at the time.

The American Relief Administration will withhold one quarter of the food purchased with each remittance turning it over to the general free mass feeding of destitute children in Russia. Under this system three-fourths of the purchased will be delivered to the beneficiary.

Application for food remittances may be made to Samuel Khinsberg, 325 Albany building.

BUTTER STARTS FARM ROMANCE; POLICE HALT IT

NEWCASTLE, Ind., June 15.—Miss Esther Stewart, 17-year-old high school graduate of Denton, Kan., is on her way back home today after an unsuccessful termination of her romance, begun when she found the name and address of Cecil Thomas of this city on a package of creamery butter shipped to the Kansas town. A correspondence was started and culminated in Miss Stewart coming here last week to marry Thomas.

The parents of the girl on learning of her plans wired officials here to stop the wedding, and the couple was refused a license. Judge M. J. Gaus of the circuit court then took a hand in the case and, after a conference with the couple, Miss Stewart decided to return to her parents.

HAIL FOOT DEEP; NEBRASKA CORN CROP HARD HIT

WALNUT, Neb., June 15.—The recent rain, wind and hail storm that struck Nebraska last week has done much to have been the worst of its kind ever experienced here. The hail was a foot deep on the level, and drifts averaging three and a half feet deep could be seen in many places. The corn crop has been flattened and much loss in poultry. A great deal of corn will have to be replanted. Small bridges were washed out by the high water.

Boy Hit By Auto; Parents in South

BERKELEY, June 15.—While George Hansen, aged 6, lies in a serious condition at Temple Hospital as the result of injuries sustained on Tuesday evening when he was struck by an automobile driven by Mrs. Richard Hansen, son of Dr. Clark Burnham, Berkeley physician, efforts are being made to locate his parents, believed to be traveling in the south.

Mrs. Richard Hansen, parents of the boy, were to have sailed ten days ago from Los Angeles, but no word as to their whereabouts has been received by Mrs. and Mr. Hansen, grand-parents of the injured lad, with whom he has been making his home at 2006 Ashby avenue.

The boy's condition is declared to be slightly improved today. Dr. Burnham is attending the youth. His son graduated from the university with this year's class.

Autoists Injured On Great Highway

SAN FRANCISCO, June 15.—Three persons were injured in a collision on the Great Highway at 6:30 this morning when two automobiles going in the same direction came together at the turn. George Kelly, merchant, 121 Lake street, suffered cuts and bruises; Morley Backwood, clerk, 387 Ellis street, received a broken collarbone, and Paul Mahood, waiter, 7 Surry street, a fractured hip.

Kelly was driving with Commander and Mrs. W. E. Harrison of the U. S. S. Oklahoma as his passengers. A second car, driven by Ray Daily of 15 De Soto street, containing Mahood and Backwood, was just in front of him. Daily attempted to turn into Lincoln way and the cars crashed.

Daily and Commander Harrison escaped injury and assisted in extricating the others from the wreckage.

Credit On Betrothal Rings Is Curtailed

CLEVELAND, June 15.—Engagement rings will not be easy to buy on the installment plan if the policies outlined by the Retail Credit Men's National Association, in convention here, are carried out. "Jewelers are too lenient in giving credit and was the committee decision reported. 'Often the honeymoon is ended long before the engagement ring is paid for.'"

SAN CARLOS RACE WON BY THOMAS; THRILLS LACKING

Rickenbacker, Official Starter, Provides Diversion For Visiting Shriners.

Joe Thomas, driving a Dusen-berg Special, won the 150 mile Shrine race at San Carlos Speedway yesterday, in a contest devoid of thrills and one in which only seven cars started.

Roscoe Saries was second and Art Klein third. The winning time was 1:23:24, an average speed of 109 miles per hour.

The feature of the afternoon's racing program was the Fort census in which Eddie Rickenbacker, official starter of the course, had the time of his life. The cars were entered by various San Francisco Ford dealers and the entry of Ghefford and Magginni, with Billy Hughes' car second. Al Magginni was driving his car and every time he came around the track his brother Babe coached him.

After this team work had been going on for a time, Rickenbacker called Babe Magginni to the front of the grandstand and declared that other Ford men had entered a protest against his coaching. Hughes was presented as the main complaint and for Magginni all was grave and gloomy. Rick threatened to disqualify the Ghefford and Magginni entry. Babe made all sorts of excuses and then woke up to the fact that he was being framed.

Rickenbacker never smiled during the whole performance, and it was well done.

This was the only real feature of the afternoon's racing, which broke through the boredom and everyone enjoyed the relief from the monotony.

The races were held up for over an hour by some heavy truck perched on the back stretch which broke through the boards. It took a lot of work to get it out and the crowd became impatient.

Ralph De Palma again proved to be the hard luck driver. He changed the right front tire on his car twice, had motor trouble twice and was finally flagged before he had completed the required 150 miles. He was assigned fifth place because there were no others in the race behind him. Ellingboe and Wilcox were forced out in the thirty-fifth and twenty-fifth laps, respectively, with mechanical trouble.

The grandstand was a pretty sight with various Shrine patriots and their bands scattered throughout. Many fazed nobles added to the colors of the stands and all in all it was a beautiful scene.

Walter Aiden of the Willy-Overland Pacific company, staged a leap for life with an Overland four. The car leaps a gap and lands on all four legs.

There was a barbecue served at noon. While the races were devoid of interest, the crowd was entertained throughout the day.

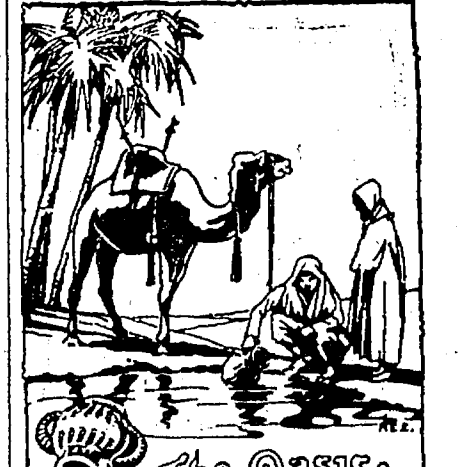

Performances of Joe Thomas' pit manager were more interesting than the race. When he found that Thomas was far in the lead, he flashed funny signals and black-bird, that kept the crowd roaring.

If all board track races were as uninteresting as the one yesterday, crowds would be hard to get, but fortunately they are far more thrilling.

The results of the 150 mile race follow:

Car	Driver	Time
1—10	Joe Thomas	1:23:24
2—31	Roscoe Saries	1:26:43 4-5
3—2	Art Klein	1:27:26
4—1	Petro de Paolo	1:28:45
5—8	Ralph de Palma	Flagged

Winner's average, 109 miles per hour.

THURSDAY, JUNE 15, 1922.

TIES THAT BIND.

How, save in a great parade such as that which passed through Oakland's streets yesterday, may distant cities come together, the prairies smile at the mountains, and oceans exchange their greetings? Waco and Seattle, Charlotte and Minneapolis, Salinas and Duluth—they marched up the street their silken garments billowing in the winds!

Here were men, representative men, merchants, judges, surgeons, and artisans, from the length and breadth of the United States, gathering in joyful family reunion. Oakland was privileged in being allowed to stand on the sidewalks and cheer. It saw the abundant optimism and color and it sensed some small part of the fraternal spirit which had caused these men to leave their homes and cross the mountains to participate in fellowship.

The bands played and the crowds shouted. Glittering clouds of confetti fell from the skies. Oakland was host to the Shrine and the Shrine, with its parade, provided the treat for the community. Emphasized more than the color, more than the music of the generous bands, more, even than the swing and dash of that procession, was the realization of what such a convention and such a parade does in bringing together in friendship the men and the cities of this exceedingly wide land.

WHEN HEDGEROWS AWAKEN.

An American of some prominence sought to baffle interviewers upon his arrival in England with the assertion he had made the trip that he might hear the song of the nightingale. With this fanciful explanation the American dropped out of a story that is proving the traditional British adaptability to suggestion and the equally traditional English failure to comprehend the humor of the United States.

A bus line advertised it was prepared to run excursions to the habitat of the nightingale and that it could assure passengers arrival at this destination in time to hear the liquid song. Men and women all over the British Isles remembered suddenly they did not know the bird.

The nightingale picnic parties, attended at first by earnest persons anxious to hear the hedgerows awaken with the love notes of the songster, became week-end excursions prepared to make the best of disappointment should the bird fail to sing. Men preached against their actions, papers made them an issue, and the nightingale sought solitude for his melody of young April.

Those who have heard the nightingale boast of it, those who failed are grieved. No one blames the American for starting the craze and fuss. It is something to make a busy island turn its ear to the evening skies in search of bird notes. Perhaps it is a triumph for romance; it may be an awakening. It was Shakespeare who said:

"The nightingale, if she should sing by day,
 When every goose is cackling, would be thought
 No better a musician than the wren."

But Shakespeare did not know it is only the male nightingale who sings, and no discovery of his or these later extensionists into moonlit lanes, will stop the poets singing of Philomela.

A NEW SPIRIT.

"I am impressed today by the unity of spirit Oakland people have shown and are showing." This, from a leader of Shrine convention activities, is but one of recent expressions voiced in recognition of the newest awakening of community obligations. Behind the membership campaign of the Chamber of Commerce, the impulse which will build the Athens Athletic Club, the enterprise which made so successful the recent trade extension excursion into the San Joaquin, and a score or more movements of progress this spirit of unity is visible.

There is nothing more valuable to a community than a sense of "oneness." With it Oakland and the Eastbay, in a few years, may

reach a place which, otherwise, could not be attained in a half century. Without it there is neglect of opportunity, insult to resources and achievement.

The record of the growth of the Eastbay, industrially and as a home center, the story being told today by the hammer and crane, are being converted into terms of increased loyalty. The new spirit is here to stay; it is irresistible!

THE LIE DETECTOR.

Recent demonstrations of that awe-inspiring piece of mechanism, the sphygmomanometer, have brought about interesting and varied popular reactions. The machine with the long name is the "lie detector" which depends for its success upon the story written by the blood pressure of the man or woman under examination. Sudden jumps of the moving needle, it is argued, denote the departures from the truth and show the internal struggles of the man who would lie and pretend he is sticking to the facts.

Before one joins the chorus of those who point out any man, innocent or not, would experience starts, jumps and accelerated blood pressure when faced with so formidable a machine and the accusations of the police, he should become acquainted with the manner of the tests.

The man who is innocent runs no chance of false conviction for, indeed, it is probable the lie detector's evidence would not stand in the courts. The questions are so put as to be unintelligible to any save he who shared a guilty knowledge. The queries circle the crime and the needle marks the comprehension, the nervous reactions, of the man being investigated.

Chances that an innocent man would be recorded as lying are, probably, more remote than that a liar should bluff his way through a test. There is a type of criminal which would not fear the ordeal. It is probable that, until more tests are made and precedent shall determine just how much recognition the courts may give to the appliance, its value will be largely psychological. It is an aid toward winning the confession, a sort of scientific third degree.

UNEXPECTED BENEFITS.

The rewards of concerted effort are certain. When a city puts its heart and soul in an expression of itself the energy so liberated will not be wasted.

In unexpected manner is Sacramento and California hearing from "The Days of '49." The whiskers are not remembered, except here and there where other communities are seeking publicity by beards, the show itself is forgotten, but the story that here in California is the Mother Lode, here gold was discovered, and here gold is being found today, has been told to the world.

Not since the days following the discovery has there been so much interest evidenced in gold mining. An industry neglected and abused by handicaps of legislation and ignorance, is being revived. The dream of "the days of gold" has drifted in men's minds once more. When the whole country talked for a week of the forty-niners and the relics of the roaring fifties, when ox teams walked the Sacramento streets again, and prospectors dragged dusty boots behind the well-packed mule, came impetus to revive the romance of old times. Bret Harte has been taken from the library shelves, the adventurer has turned to the west, and the experts, engineers and chemists, are weighing the chances of larger strikes and larger operations. "In this way a celebration has performed service for an industry and a state.

It is a curious thing that those appointed to represent us at international expositions are so prone to controversy. The commissioner who is to look after this country's affairs at Brazil's Centennial Exposition is out with charges that the deputy commissioner has been undermining him while he was away attending to things. The situation is so that it is foreshadowed in a despatch that one or the other will have to get out. It is unfortunate that such affairs, involving the country's prestige and its people's homogeneity, cannot be perfectly harmonious.

A news despatch indicates the possibility of a San Franciscan being appointed to represent the nation at the court of historic Greece. Alfred Holman of the *Argonaut* is in Washington, having been summoned there, it is understood, in consideration of the proposal to appoint him to that mission. There will be an approving sentiment if his selection shall eventuate. Holman is scholarly and a thoroughgoing American, two qualifications that cannot be over-appreciated in our ministers to foreign countries.

Sixty hands are contributing to the melody of the Shriner occasion. The old-time song, "There's Music in the Air," would seem to be especially appropriate for revival on this occasion. Incidentally it is illustrative of the colossal scale on which things are done in this progressive age when sixty hands are transported from all angles of a great country to assist in a frolic.

DAILY ALMANAC

Thursday, June 15.
 The middle of June. . . . San Leandro Cherry Festival opens tomorrow. . . . The treaty defining the boundary of British Columbia and Washington, was signed in 1846. . . . George W. Moon, inventor, was born in 1823. . . . A new moon? . . . Wat Tyler was slain in 1381. . . . Evstenu de St. Just was guillotined in 1794.

A Love Poem.
 I love you. From my palpitating heart
 As joy has flown.
 I only know the gnawing grief, the smart,
 (Hum: bone, tone, scone,
 Pone, groan, alone,
 That's it!)
 Of hours passed alone.

Your face I see, my thoughts unceasing dwell
 On you, on none but you.
 I hear in every soft-toned bell
 (Mew, queque, new, few,
 Blue, flew, rue too,
 Not one of those will do.
 I shall be driven yet to rhyme
 With stew.)
 I see your eyes
 In the dear skies,
 They're heaven's own matchless hue.
 —Clementina Montgomery.

Bab Started Them.
 Sir: The directory affords many positions for unemployed Club members. Chief among these are: 73 Bakers, 67 Cooks, 27 Carpenters, 19 Gardeners, 13 Painters and 2 Clerks.—Bab's Rival.
 Sir: I do not understand how disarmament is possible with eleven Cannons and ten Guns in the 'phone directory.—S. O. S.

Do You Blame Us?
 Sir: Listen, sport page says "Vierra is training hard." Why not Vierra hard?—R. Spinekeyvintz.

"The Army of a Million Crooks."
 Why not the "Army of the Hard-Boiled Yeggs?"

O! who's in front of de big bass drums,
 An de folks all shout when Alec comes!
 Why-Mistah Cutts ob Georgia.

O! de camel strut when he go by
 He's de biggest thing in de Shriners' eye.
 Dis Mistah Cutts ob Georgia.

I feel so swelled I jest could bust!
 To think dat he's de vey fast!
 Ouah Mistah Cutts ob Georgia.
 —M. ELYV.

Is This True?
 The other day there appeared elsewhere the following paragraph: "If Sergeants Woodfill or York should visit Germany they should not expect as much attention as Jack Dempsey received on his late visit."
 In the mail this paragraph comes to hand and underneath is written: "They would not in Oakland or San Francisco.—A Veteran."

All Records Fall.
 (From Hepton, Kansas, Courier.)
 The professor broke his whipping record last Friday afternoon by whipping twenty-three pupils.

The Name Club.
 Sir: Registered at the Hotel Oakland are Messrs. Colpits and Bunker.—R. D.

Wishing.
 Wish I was a boy again
 I'd surely go to sailing;
 Would not lose a single day,
 At hooking in the pool.
 Would I write "I love you" notes,
 When teacher turned her head?
 Would I shoot those spiff balls? No!
 The others could, instead.
 Wish? You bet I like to wish
 Although it's all in vain;
 Boy! I'd give the life of man
 To be a boy again!
 —"WHY" OAKLAND.

"At that," said the man next door, "if the weather should clear and it became warm again, I'd have to empty the pan under the ice box."

And pretty soon,
 My heart both throbs,
 Will come the corn
 Upon the cob.

It was not until the arrival of the fly season that bright men, here and there, discovered purpose and suitability of these fringed skirts.

In this week of school graduations, high and grammar, how many are there, we wonder, who remembered the little verse that was sung so joyfully out of sight of the schoolyard? We did not mean it, of course, but it was a part of the annual ceremony and it made us feel delightfully wicked. We are wondering if the song held the young attention the country over, and if it still does:

Good-by, scholars; good-by, school
 Good-by, teacher, you darned old fool.

We'd stick in jail
 For one full week.
 The man who says
 He is a Sherk.

Oh! the Reckless Council.
 (Waynesfield, O. Chronicle.)
 There is considerable comment in Waynesfield against the action taken by the village council in regard to employing a special policeman at \$5 per week. Citizens should attend the meetings of village officials and take more interest in the affairs of the village.

For a short time, however, we will not travel to Goat Island on the dotted line of the Key Route map.

Tears may not kill germs, but they cure a lot of grouches.
 —AD. SCHUSTER.

CHERRYLAND, JUNE 16, 17, 18.

NOTES and COMMENT

We have the Deseret News' word for it, as well as that of an unidentified Californian: "Looking out across the Salt Lake valley shortly after sunset last evening, a visitor from California remarked: 'The people of my state have never looked upon a more beautiful view than that, and not many of them have seen anything to compare with it.' And it was, indeed, a picture to please the eye and delight the soul!"

Chicago News anent some doings in the Senate: "Not since the palmy days of Ben Tillman have the senate galleries been treated to a good, lively set-on the Senate floor. Prospects in that regard, however, to be improving. 'Tom' Watson, the Georgia bantam-weight, has asked first one senator and then another to 'step outside,' and appears to be ready at any time to put on the gloves with any member of the chamber, without restrictions as to weight, age or color."

The Kansas City Star has difficulty in understanding it: "A newspaper doctor says one is always in danger of infection if he sits near a conversing with, and the mystery is how do the attractive young members of the porch swing crowd manage to keep so well, considering the chances we understand they take?"

The Kansas City Times takes note of Arbuckle's progress: "Roscoe Arbuckle, whose name seems familiar somehow, is said to be a movie director now. Mr. Arbuckle doubtless is one of those gifted persons who can start in at the top and work down to the bottom."

The chain letter pest is with us again. He pops up every now and then in a way that is hard to combat, but in a way designed to cause unlimited trouble for Uncle Sam and all of the peat's friends. The famous guinea pig is not in it with a chain letter when it comes to multiplication.—Modesto News.

Mention has been made in the Bee of the spring flight of wild pigeons from their winter haunts in Siskiyou county. Such birds, now rare in California, once abounded in parts of the Coast Range and gave fine shooting to sportsmen.—Sacramento Bee.

King Alfonso of Spain is preparing to make a tour of the United States. Don't overlook San Diego, Al. There are a lot of good folds down here adjacent to the Mexican border who will be delighted to gossip with you for an hour or two in the most improved Spanish language.—San Diego Union.

SPIRIT OF STATE PRESS

"Tab" is said to be the latest bootleggers' term for "jackass brandy," being a convenient contraction of that designation. By any other name the stuff would smell as sweet.—Sacramento Bee.

"Hiram in Chinatown" is the name of a new play that is being put on the theatrical circuit. We can believe in "Hiram, the Redwood," and "Hiram and Don't Pile 'Em," but we can't see how Hiram could expect to get many votes in Chinatown.—Hanford Sentinel.

Dr. Von Kleinsmid, president of the University of Southern California, is a keen scholar, an efficient administrator and a polished gentleman. But all of his efficient qualities are inefficient when it comes to getting newspapersmen or any one else to spell his name the way he would like to have it spelled.—Fresno Republican.

The recent Whiskering Festival at Sacramento is credited with having done many things. But not the least of them, we venture to say, is the creation of a widespread desire to see that hairy individual with the 17-foot beard, an ornament so long that he could easily jump rope with it, clothe himself with it, or hang himself with it.—Palo Alto Times.

Down in Los Angeles the other day a hundred or more prisoners on whom, perhaps, time hung rather heavily, were permitted to enjoy a movie. They were given two or three modern reels that perhaps made them temporarily forget that any of them had used a black-jack or climbed a porch.—Bakersfield Californian.

Mary Kinney has instituted suit for divorce against William Kinney on grounds of cruelty. They are residents of Richmond. The plaintiff alleges that on one occasion the defendant threw her out of an automobile.—Martinez Gazette.

The famous "Lie-Tester" appar-

NOT HIGHER THE VISION THAN ITS SOURCE.

Two thought ful worms on their mother-earth
 Wisely discussed the source of their birth,
 Then, by natural sequence, how and where
 After this life they would onward fare.

"After this life?" said the largest one.
 "Why, after this life, of course, we are done."
 The smaller one smiled. "You mean to say
 That our beautiful forms will pass away!"

Why, we will know each other there.
 Just as we are—perhaps more fair
 Than ev'n now, but in fact the same
 Living on, in spiritual frame."

A butterfly, winging overhead,
 Laughed at the words the brown worms said.
 "Beautiful, they! Why, the absurd things!
 If they could boast my resplendent wings."

Is it they could fly.
 From leaf to leaf beneath this sunny sky
 They would pray to be,
 Not like themselves, but just like me!"

The dear vain creatures, how can they learn
 That worms may into butterflies turn?

CLAUDIUS THAYER.

about YOUR HEALTH

Why Every Baby Needs Special Warm-Weather Care

By ROYAL S. COPELAND, M. D.,
 Commissioner of Health,
 New York City.

It will not be long before hot days are upon us, and the mother of a young babe must exercise care to protect the infant against the complaints all too common in summer-time.

There is no brighter page in medical history than that devoted to infant warfare. The past 25 years, the lifetime of the young mother of today, has changed and wonderfully improved the prospect of the newly-born. Twenty-five years ago one baby out of every four died in the first year of life. Now, in New York City, only one out of fourteen dies. Isn't this a wonderful record?

This great advance in child welfare is due in large measure to the better milk fed the bottle babies, and to the fact that more of them are breast fed. Good milk, pure milk, germ-free milk—this is the secret of health and life for the infant.

I can never resist mention of Mr. Nathan Straus when I speak about babies. His fight for pure milk, and especially for pasteurized milk, is one of the epoch-making facts of infant history. He is as much entitled to a niche in the Hall of Fame as is any military hero or literary genius who ever lived.

The bottle-fed baby must be carefully watched from now till cool weather in the fall. Every care must be exercised to keep the bottles, nipples, all the utensils used in preparing the feedings, as well as the milk itself, perfectly clean.

In this connection cleanliness should be surgical cleanliness. By this I mean that everything used in connection with the feeding of the baby must be as free from germs or contamination as are the surgeon's hands, his instruments and all the things which touch the patient who is to be operated on.

Take no chances in feeding the baby. The mixture of food must suit the age and individual needs of your baby. The food must be kept on ice until it is required for actual feeding. Then it must be warmed properly and prepared for the infant.

The growth of the child is the surest test of his progress in the right direction. The healthy and perfectly normal infant grows amazingly the first half-year of his life. In that time he doubles his weight at birth. He adds an equal amount in the next six months. If he weighed seven pounds at birth he should double this in six months, thus weighing fourteen pounds. When he is a year old he should weigh twenty-one pounds.

The modern ways of caring for an infant, and especially the frequent use of the scales, must seem very funny and unnecessary to old folks. I remember an old uncle of mine said: "Every suckling baby should be given a piece of pork-rind to chew on." Of course, such advice as my relative gave would be considered heresy in this scientific age. But "the test of the pound" is in the eating. The results of these modern methods of caring for infants demonstrate their superiority over the old ways.

Make it a point to consult the family physician, the clinic doctor or the doctor at the baby health station if you are at all in doubt regarding your baby's welfare. His future health and development are influenced largely by the way he gets on during the first year.

THE FORUM

The Editor of THE TRIBUNE disclaims responsibility for opinions or statements expressed in the column. Brief contributions on current topics of general interest are welcomed. They will not, as a rule, be printed unless accompanied by the name of the writer, which, if desired, will be withheld from publication.

RESPECT LACKING.

To the Editor of THE Tribune:
 Are the men of San Francisco better Americans than the men of Oakland?

Was in San Francisco yesterday during the Shriner's parade. It was raining, but did not see a man, young or old, who did not remove his hat as the American Flag was carried by. Stood on the corner of Seventeenth street and San Pablo avenue today during the parade, in all that concourse of men, on both sides of the street, and across San Pablo avenue, did not see more than dozen who would tip their hats as the numerous flags were carried by.

Can anyone tell me what is lacking in the want of respect for one's flag and country, or is it just downright ignorance?

PETER F. CARLSEN.

Oakland, Calif.

My Favorite Stories

by IRVIN S. COBB

The Low-Down on the Saw-Milling Business

An office-man for a Chicago lumber concern decided to get into the business on his own account. Sight unseen for cash, he purchased a mill property in the White River bottoms of Arkansas at a figure which seemed to him highly attractive. He settled up his affairs in the city and caught a train for the South to take over the bargain he had acquired.

At a desolate way-station on the edge of a swamp he left the cars. The man from whom he had purchased, a lean, whiskered individual, met him with a team and a buckboard, and together they started on the long drive fourteen miles back in the country to the scene of the Chicagoan's prospective future operations. As they bumped along over the corduroy road the Northern man turned to his companion and said:

"I'm hoping to make a good deal of money out of this new line and I'm trusting to you to put me onto the ropes. I know something about the selling end of the game, but this is going to be my first experience in the actual getting of the raw stock."

"Well, suh," said the late proprietor, "I'll give you my own experience in the saw-mill business and then you kin draw yore own conclusions. This yere mill I sold you didn't cost me nary cent to begin with. When my father-in-law died he left it to me all complete and clear of debt."

"Labor ain't cost me nothin' because my two boys and me do all the work and we ain't never had to hire no outside help. And the timber we've cut ain't cost nothin' neither 'cause, just between you and me, we been sort o' stealin' it off the land of a rich Yankee who owns a big stretch of the bottoms and ain't got nobody watchin' it."

"I've also been kind of favored in the matter of shipments, seen' that my cousin is district freight agent for the railroad and he fixes up things so 'part of the time our freightin' don't amount to nothin' at all."

"So that's the way she stands—no wages for outside hands, no cost for timber, and practically nothin' for freight bills. And last year I lost twenty-five hundred dollars."

Uncle Wiggily Stories

by HOWARD R. GARIS

UNCLE WIGGILY AND THE GIRL BIRD.

"WHERE are the crumbs, Nurse Jane? The crumbs for the hungry birds?" asked Uncle Wiggily one morning as he hopped into the kitchen of his hollow stump bungalow.

"I put some on the pantry shelf," answered the muskrat lady housekeeper. "But where are the birds you wish to feed?"

"Out in the yard," answered the bunny rabbit gentleman, and he pointed with his paw.

"Oh, what homely birds!" exclaimed Nurse Jane, as she saw some small and very plain black and white feathered creatures hopping around in the grass.

"Why don't you feed some pretty birds like the Robin, the Cardinal or the Scarlet Tanager?"

"Well, I'd feed those birds also if they came here," said the bunny, scattering the crumbs.

"But, Nurse Jane, just because these birds have no gay and pretty feathers doesn't say they aren't useful. They may be very helpful in this world."

"Well, maybe so," agreed the muskrat lady. "But I like the bright and beautiful birds best. Why, these birds don't even sing prettily."

"Perhaps not," admitted the rabbit uncle. "But, for all that, I am sure they are very useful. They catch many of the bad bugs and worms that otherwise would eat things growing in my garden."

"What is their name?" asked Nurse Jane, but before Uncle Wiggily had time to answer, a voice out in front of his hollow stump bungalow called to him.

"Hello! Who's there?" asked the bunny gentleman.

"I am," answered Uncle Butter, the goat. "Say, Uncle Wiggily, added Uncle Butter, 'there seems to be some trouble down the road, in the house where that red-haired boy and girl live. You know the boy and girl I mean; the ones who are always kind to animals.'"

"Oh, yes, I know the place," said the bunny, as he twinkled his pink nose. "But what seems to be the trouble?"

"The little girl is lost, I think," answered the goat. "I saw her mother and father running up and down the road in front of the house, calling for the little lost girl to come home. But she didn't come, and now her brother is running around looking for her and also calling her name. I thought perhaps you and I might look for her."

"That's so, we might!" agreed Uncle Wiggily. "For, you know, there were many times when the rabbit gentleman could understand human talk, and could also help boys and girls, though he could not, of course, speak their language."

"Come on, then," bleated Uncle Butter. "We'll go to this house of the woods near by. Perhaps we may find the missing child. There is no danger for us, as she and her brother were always kind to us, so her father and mother will also be kind."

"I think so," said the bunny. "Just a moment, Uncle Butter, and I'll be with you."

The bunny gentleman hopped to the rear yard where the "homely" birds, as Nurse Jane called them, were still picking up crumbs.

"I am called away, birdies," said Uncle Wiggily. "Uncle Butter and I are going to try to find a little lost girl. When I return I'll give you more crumbs."

"You have been very kind to us," twittered one of the birds. "And we should like to help you and Uncle Butter. Who is this little girl who is lost?"

"Her name is Phoebe," bleated the goat gentleman. "I heard her mother and father calling that name through the forest. She is called Phoebe."

"We are known as the Phoebe bird."

house of the woods near by. Perhaps we may find the missing child. There is no danger for us, as she and her brother were always kind to us, so her father and mother will also be kind."

"I think so," said the bunny. "Just a moment, Uncle Butter, and I'll be with you."

The bunny gentleman hopped to the rear yard where the "homely" birds, as Nurse Jane called them, were still picking up crumbs.

"I am called away, birdies," said Uncle Wiggily. "Uncle Butter and I are going to try to find a little lost girl. When I return I'll give you more crumbs."

"You have been very kind to us," twittered one of the birds. "And we should like to help you and Uncle Butter. Who is this little girl who is lost?"

"Her name is Phoebe," bleated the goat gentleman. "I heard her mother and father calling that name through the forest. She is called Phoebe."

"Oh, ho! Then we can easily help!" sang one of the birds. "You see, we are known as the Phoebe Bird, because that is our constant cry as we fly over the fields or through the woods. Sometimes we are called the 'Girl Bird,' because we always call the name of a girl named Phoebe."

"So now, if you like, we girl birds will fly over the woods where this tiny tot is lost and we'll call her name. Hearing us she will answer, and then you may easily find her."

"That will be great!" cried Uncle Wiggily.

"The best thing that could happen!" bleated the goat.

Soon, over the woods flew many birds, calling:

"Phoebe! Phoebe! Phoebe!"

Perhaps you have heard birds like them calling near your home.

Soon, as Uncle Wiggily and Uncle Butter hopped around, they heard a little voice answering:

"Who is calling Phoebe? Here I am!" and down in a little green, mossy, dingy dell was the lost one. She looked up, saw Uncle Wiggily and then she saw Uncle Butter.

"Oh, you dear goats!" she cried. "I'm going to ride on your back! You'll take me home."

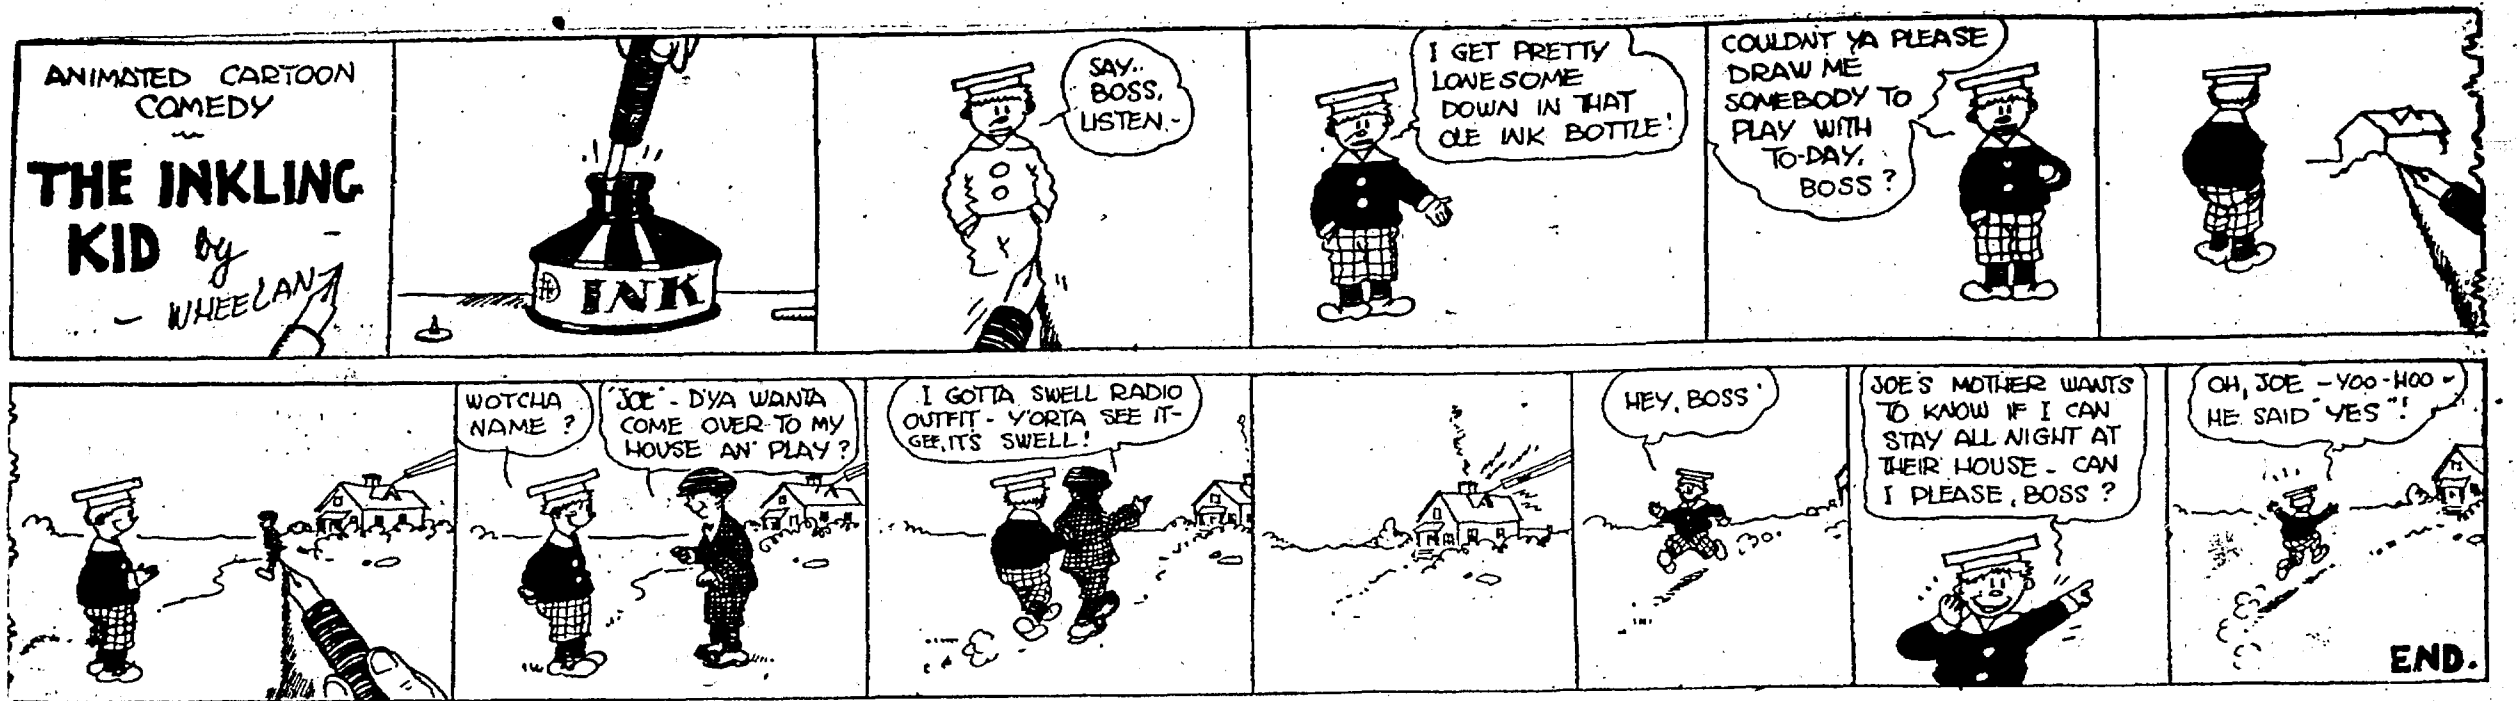

And Uncle Butter did, and how glad Daddy, Mother and Brother were when the lost Phoebe was brought home by Uncle Butter. Then Uncle Wiggily gave the girl birds more crumbs, and Nurse Jane said she thought they were the loveliest feathered friends she had ever seen.

Then the birds blew away, joyfully singing: "Phoebe! Phoebe! Phoebe!"

Mrs. Murphy was spring-cleaning when a lady called, and said:

"Mrs. Murphy, will you give me something for the home of inebriates?"

"Come back this evening," said Mrs. Murphy. "Ye can have Murphy."

"Doctor," said the anxious woman. "I am sure my husband is very ill. Often I talk to him hour after hour, and at the end discover that he hasn't heard a word. I believe it's some terrible mental affliction."

"Doesn't hear a word?" repeated the doctor. "My dear madam, that is no affliction. It's a divine gift!"

LATE MAGAZINE PAGE

Should a Woman TELL?

Hawthorne Emery decides to marry Dane Merrill without telling him that she has been in love with another man. Dane is nervous in his ideas about women, and later Hawthorne discovers that Julie, Dane's little butler's sister, has fallen in love with Cranford Blake, or Carroll Blackton, as he now calls himself, the same Dane Hawthorne has loved in the past; she is faced with a terrific problem. Blake threatens to show her love letters if she interferes, and she is torn between the possibility of losing Dane's love or ruining Julie's life by keeping silent about the past. Finally, when Julie threatens to run away with Blake, Hawthorne is forced into telling her the truth, and that same night, because of certain things that he has overheard, Dane compels her to tell him everything.

CHAPTER XLIV

Blind Fury.

HE STARTED at the incomprehensibly as though I had been an utter stranger to him, as though he were actually blind me for the first time. His face looked careworn and it came to me with a pang that I had caused him suffering, that I had succeeded in smashing his ideals. It was strange that at that moment I did not consider myself at all.

"I could have killed at his feet. I could have begged and implored him to try to understand, but some inherent pride in me held back. I could not stoop to that. Dane must come to see things in the right light, of his own free will, or not at all."

Then he lashed me with his scorn, he said unspeakable things. He blamed me for everything, and hypocritically told me before him and said nothing. The scene seemed unreal to me. This could not be Dane, the man who loved me and whom I loved so dearly. This "white-faced" man in the gray suit that seemed to cut into my very soul. If he had beaten me and I had felt physical anguish the pain would not have been as hard to bear.

"I think that you could have loved a man like that, you whom I thought the purest, most wonderful woman in the world!" To think that he touched you, and that you wrote him love letters! It is incredible! And to think that you lied to me, that you deliberately waited while Julie walked into this trap, that you risked her happiness for your own safety!"

"My advice," he was saying, "is to get out of here. I am sorry that I had to be. I have been sorry ever since I knew you, but I don't blame myself for it, and I am thankful that it was no worse."

"That's enough, Dane! please don't say anything more. I'd like to be alone for a few minutes, please. I think I know now what you think of me, and I'm not likely to forget, so tell you go out and leave me alone!"

He swung on his heel, but at the door he stopped and threw back one more shot.

"As for Julie, what she needs is discipline, and from now on I'll take a hand in managing her life and if I have to use force and look her in her room, I'll see that she never has five minutes' conversation with this man again."

"And if you do," I thought, "if you do use force with Julie, you'll purr her into doing the very thing you want to prevent."

But I said nothing. I waited for him to close the door, and then I quietly went about making preparations to leave.

I did not think, my brain seemed curiously inactive, and something seemed dead in me. It was as though I had realized that the worst had happened, and that my house of cards having toppled all about me, I was sitting among the ruins, too shocked and stunned by the catastrophe to realize the enormity of my loss.

Tomorrow—Breaking Away

BRAIN TESTS
by Sam Loyd

A Minute to Answer This.

A REBUS.

My first to my second is like a twin brother;

Each seems but an echo, the one to the other.

My whole may be heard 'mid the wild surging throng,

Or where the cool rivulet dances along.

What is the word?

(Answer tomorrow.)

Answer to Yesterday's.

The diagram shows how the least possible number of lights were extinguished to break up all squares.

The Army of a Million Crooks

A study in scientific criminology. Facts gleaned from the records of the Berkeley School for Police and of its founder, August Vollmer, president of the International Association of Chiefs of Police, and leading authority on criminology.

The War on Crime

by Geo. C. Henderson

CHAPTER III.

The "Lone Wolf" Dip.

All Rights Reserved.

"Austrian Max" was a stone-getter. He was a "lone wolf" operator and he never went after anything but diamonds.

Max would eat garlic until he reeked with it. Then he would get on a street car and plump himself down by a man who was wearing a big diamond stickpin. Sometimes Max roost for miles on different lines before he spotted a desirable "rook."

Then Max would turn the full blast of his garlic laden breath upon the immaculate victim. When Max refused to focus his breath in another direction an altercation would ensue. In the melee the Austrian would snip the diamond off with a pair of specially made "nippers."

The "lone wolf" dip does not hobnob with other pickpockets and has no confidants. He keeps away from all professional thieves and their hangout. In most big cities the dips have a certain saloon, pool hall, or disreputable club where they stay. The police know where these places are, and if they want a certain dip, they just walk in there and get him. But the lone wolf keeps to himself.

Max was a very high class professional and he realized the peril of congregating with recognized crooks.

Another method of the "stone getter" is to stick a newspaper up under a man's nose for an instant and under cover of it to nip off his diamond. If anyone

suddenly thrusts a paper in your face and you feel a slight tug at your cravat, you will know that a dip has your stickpin.

These men become so expert at nipping stones that they can cut one from the pin without looking.

The nippers which are used by a dip fit into the hand in such a way that they are concealed from the casual observer. These instruments are especially made for crooks generally to their order and to fit their hand. They are of the finest steel and a very slight pressure will cut a scarf pin in two.

The professional dip is a dandy, as a rule. His clothes, plastered hair, manicured nails and air of prosperity generally exempt him from suspicion unless an experienced officer happens to be invited to a party. The lone wolf, like all other dips, works in crowds in big cities. He never goes to small towns except to follow country fairs and circuses, but when he does go into the rural district he generally makes a "clean-up."

There are two reasons for this, one being that the authorities in small towns know nothing about a dip's methods and the second is that the people are unsuspecting.

All "lone wolves" are not stone-getters like Austrian Max. Nor do the stone-getters scorn other forms of picking pockets. Women's lockets and valises are frequently "lifted" by the

stone-getter. The tiny gold chain can be cut off without a tug with the nippers and when next the lady puts her hand to her throat she is surprised to find that her ornament is gone.

While some of the methods of the professional dip are known, the most effective trade secrets have never been revealed. As fast as the authorities get "wise" to a stunt, the dip finds something better and abandons the other plan.

Only specially trained detectives are qualified to combat the experienced dip. If it were not for these policemen, the pickpocket would soon terrorize people into leaving all their valuables at home.

However, an old timer on the force can spot a dip quickly, and while he may not be able to "get" the goods off him, he can prevent him from doing any work.

On ferry boats, on street cars, crowded trains, at theaters and in street crowds the dip has excellent "pickings."

The stone-getter is just as careful about disposing of the "rocks" that he nips as he is in operating. Sometimes he will get only one diamond in a week but if this is a perfect stone of 1 or 2 carats, he is repaid for his time. Although the diamond outside its setting may look just like a hundred other diamonds, he will not trust it to a fence in the city where he stole it, but takes it to another town for disposal, unless he is very hard up.

Many women who realize they are growing stout strenuously object to undergoing any treatment to counteract the tendency. If exercises are suggested they resist such a suggestion, for this means an effort of will. They refuse to make this effort, despite the possible benefits which might accrue.

They may concede to modify their diet a trifle, and cut out any fat-producing foods which do not appeal to them. However, there are other ways which may be more agreeable, as they do not at first glance seem to have anything to do with the reduction of excess fat.

One way to reduce may be adapted even by the woman who lives in a small apartment. One of the best ways of doing this is to play ball. A little wall space is necessary, but in most houses there are a few inches of space which are not devoted to pictures or other adornments.

All you need for this diverting way of reducing your superfluous fat is a tennis ball. The wall space you use for this purpose may be covered with an old sheet for protection. Pitch the ball at the wall, and keep volleying it for about five minutes. Of course, if you are not accustomed to hitting a ball you may miss it many times. Do not be distressed about this, as the extra motions in picking up the ball will exercise more of the muscles of your body.

Even a player no doubt you will find you have to stoop down to the floor several times and pick up your ball. Besides the various bendings which such exercise demands, there are other advantages. Perhaps when you begin to play ball you will feel rather tired mentally. Keep up the ball playing, and you will find it's one of the best things for making you alert.

Your eye must follow the ball and you must be ready to hit it without a moment's delay. As you practice this fascinating game you may become an expert and not miss a single strike. It may pay to keep a score of the results.

As you become more alert mentally you will not grudge any effort which you may make to yourself of superfluous fat. You will devise new ways of overcoming this physical detractor.

You may change the way of throwing the ball. You may pitch it to the floor, and as it bounces up keep returning it. You may even vary the way in which you do this. You may hop on one foot until you have hit the ball ten times. Then you may hop on the other foot. You may strike the ball with your left hand and then you may continue the process with your right. At the same time, your free hand may be suspended by your side or held behind your back.

There are innumerable variations of this health and beauty promoting play. One of the greatest advantages this game offers you is that you may play for a few minutes at any time.

Whenever you are exercising, whether from a rigorous sense of duty or a profligate against the tendency toward adipose tissue or merely for pleasure, exercise in very light clothing.

Beef Collops.

These collops are served especially on "Collop Monday," the Monday before Ash Wednesday in England. Buy two pounds of nice rump or pin-bone steak and cut in strips three inches long by two wide. Lay them in a frying-pan with a quarter-pound of butter, and fry them about four minutes, turning once. Then lay them in a stew-pan with a pint of rich stock after dredging them with flour, pepper, salt, a piece of butter melted with a little flour, a tablespoonful of well-washed capers, a small grated onion and a tablespoonful of mushrooms catsup. Simmer the collops for about fifteen minutes, then serve in a hot covered dish. Yorkshire pudding may be served under this collop.

Banana Cream.

Peel and chop six bananas very fine, then put them on to boil in a quart of water, the juice of a lemon and a cup and a half of sugar. Boil until the bananas are soft and cooked. Turn the mixture onto the beaten yolks of two eggs, stir until blended, then set to cool. When cold, add a pint of cream and freeze. This makes a rich cream, and cooking the fruit first takes off the raw taste.

Burnt-Almond Ice Cream.

This is a Philadelphia treat. Blanch and chop three dozen large almonds fine. Melt two tablespoonfuls of sugar, add the almonds and cook them until they are a red brown, then spread on a plate to

dry. Bring a quart of light cream to the boiling point, then turn it over the beaten yolks of three eggs and a cupful of sugar, stir until blended, add a dessertspoonful of vanilla and set to cool. When cool, add the nuts, leaving out a spoonful to sprinkle on top of the cream as it is served. Pour into the freezer, add the stiffly-beaten whites of the eggs beaten with a little powdered sugar and freeze.

Trim and mince fine the remains of a roast of beef, using a little of the fat, and add a teaspoonful of minced herbs, a grated onion, pepper, salt, a teaspoonful of sugar, two tablespoonfuls of pine nuts, a lump of soft butter and a beaten egg. Have ready some good pie crust rolled out thin and cut in three-inch-wide strips. Fill the strips, roll them, pinch the ends like turnovers, and bake in a buttered pan for 15 minutes.

Bank of England Cuts Its Rate

LONDON, June 15.—(By the Associated Press.)—The Bank of England today lowered its discount rate to 3 1/2 per cent, a reduction of one-half per cent from the figure established on March 13 last.

The bank took Lombard street by surprise in making the reduction. Its action is believed to have been due to a desire to bring the rate more in line with the short loan market, which recently has had large funds unemployed at from 1 to 2 per cent, while the bank rate stood at 4 per cent.

Treasurer Lloyd George also available at easier rates, and as conditions in the United States were easier the retention of so high an official rate here was regarded as unwarranted.

Another reason given for the change is that the authorities wish to assist the new Indian loan of \$125,000,000 which is being floated today.

Bankruptcy Asked For Packing Co.

The creditors of the Krate Packing Co., of the San Francisco district, have filed a petition in the United States district court, asking that it be declared bankrupt.

The petition was filed by the Krate Packing Co., of the San Francisco district, which was organized in 1911, and has since that time been engaged in the business of packing and shipping goods.

State Oil Fields Only Scratched

CALIFORNIA'S oil fields have only been scratched by the development work and the petroleum industry of the state, in the opinion of H. F. Sinclair, chairman of the board of directors of the Sinclair Consolidated Oil Corporation, who is making a tour of the United States.

Sinclair, accompanied by Mark L. Requa, mining engineer and general director of the oil division of the United States fuel administration during the war, spent yesterday viewing the oil fields of southern California. They are scheduled to leave for Los Angeles today for Texas on the next leg of the national tour.

As for acre, oil lands of California produce ten barrels of oil against one produced in any of the other oil states, Sinclair said.

"You have only scratched the surface in oil development," he declared. "There is a big field in central California and you think you have some big ones in this section, but as a matter of fact, the only wells you have developed here are practically in your doorway."

As for oil production the country over, Sinclair asserted, there were more "wild-catting" operations in progress now than at any time previous in the history of petroleum development. "Production," he believed, was some distance ahead of demand.

Bank of Italy Publicity

MAN IS HONORED of the Bank of Italy, San Francisco, has been elected president of the Financial Advertisers Association, an advertising club of the world in Milwaukee.

MAXWELL TRACT
TO HAVE STREET
CAR EXTENSIONLine to Begin at Ygnacio and
Extend to Fleming, By
Various Roads.

Oakland is going to have a new street car system. The city council this morning adopted a resolution of intention to grant John P. Maxwell permission to have a car line operated in the Maxwell tract in East Oakland, and announced it will hold an auction for competitive bids for the franchise.

The Maxwell system is planned to run from the present traction line at Ygnacio avenue northeast across Trask street to Kingsland avenue and by various streets to Fleming avenue.

The San Francisco-Oakland Terminal Railway, according to officials, is expected to run the extended line, but it is asserted that if this is not done Maxwell will probably apply for the franchise himself.

Work of the city council which has been delayed many days because of the holidays and absence was taken up today by the council, Commissioner Baccus presiding.

The ordinance appropriating \$3000 toward the expenses of Shriners was given final passage.

On recommendation of Baccus, the council approved the plan of the Women and Girl Workers of Sixty-one to construct an Abraham Lincoln statue near the auditorium.

The city attorney, in a communication to the council asserted that various obstacles have caused the Hutchinson company to refuse to complete its work in improving Seventy-sixth avenue and while he held that the Hutchinson company should be held to its contract, he asserted that many of its claims were just and suggested that the city legal department help straighten out the matter. The obstacles are mainly legal and concern property lines.

The board of park directors urged the removal of trees on Myrtle street between Thirteenth and Fourteenth, and this will be done.

The salaries of instrument men in the department of public works was fixed at a minimum of \$170.

A protest was received concerning a gas-experiment station at 322 Lewis street and referred to the proper authority.

The "blue ordinance," which demands a chimney on every house which use electricity alone.

The ordinance of intention to acquire property for the extension of Hobart street from Broadway to Webster was given final passage.

Radio to Reach
Shriners on Ocean

Preparations have been completed for maintaining radio-telephone contact between shore stations and Shriners traveling to Honolulu on the Matsonia of the Matson Navigation Company. The radio equipment on board ship was tested today. The receiving station will enable the Shriners to hear entertainment broadcast by the San Francisco bay stations, and press reports.

The Matsonia will sail tomorrow. Operators on board ship will also be able to speak to stations on shore. The Matsonia will be able to hear the land stations even after the ship is beyond the transmitting range of the apparatus on board ship.

Magneto—Small generator, consisting of an armature rotating between the poles of two or more permanent magnets, usually of the horseshoe type. Used for motor ignition and medical coils.

Magnetic Hysteresis—Tendency to remain in old condition when a charge of magnetic condition is taking place. Also known as magnetic lag.

ANSWERS TO
QUESTIONS

Radio Editor TRIBUNE: Please send me or publish the best hook-up for the set that I have roughly sketched and enclosed herein. I am a member of the O. T. R. C. No. 1133, a subscriber of THE TRIBUNE.

Member No. 1133.
The correct hook-up is as follows:

Radio Editor TRIBUNE: I am going to build a crystal set and wish you would send me a copy of how to make a crystal set, and if you can please send two.

See The TRIBUNE radio page for yesterday. The set you desire is described in "Fifteen Minutes of Radio."

Radio Editor TRIBUNE: Here with please find application for membership in THE TRIBUNE Radio Club. Also let me know how I can get the entire lessons of "Fifteen Minutes of Radio," if possible.

These lessons have not been printed in book form. It is possible they will be printed when they are completed.

Radio Editor TRIBUNE: Will you please let me know the difference between radio frequency and audio frequency, also which is the better.

Radio frequency refers to frequencies which are audible. If you refer to the audio and radio frequency amplification it means in the first case that the audio frequency component of the plate current is amplified.

Radio Editor TRIBUNE: Will you please let me know the difference between radio frequency and audio frequency, also which is the better.

Radio frequency refers to frequencies which are audible. If you refer to the audio and radio frequency amplification it means in the first case that the audio frequency component of the plate current is amplified.

PRESIDENT'S SON,
CHINA COMEDIAN
ON KZM PROGRAM

Calla Macque Concert, Singer, Also to be Heard Over Wireless Tomorrow.

Tomorrow evening's radio program from KZM will be furnished by the son of the former president of Nicaragua, Don Alfonso Zelaya, noted pianist; the premier comedy king of China, Kee Fu Wah; and Calla Macque, noted concert singer. No program ever was planned with more of a variety. And no program ever was heard from a more distinguished gathering of entertainers.

Zelaya is appearing this week at the Oakland T. & D. Theater. He is somewhat like Paderewski, a ruler as well as an artist. He is now playing the piano for a livelihood, because his family was forced to abdicate.

Kee Fu Wah is known throughout China as "the demon chaser." The premier comedy king of the land of the dragon quietly slipped away a month ago and came to San Francisco to visit a relative. It is said of him by his admirers in China that his comedy is so over-the-top that no demon can remain in the same vicinity with him. Kee Fu Wah will sing and speak in Chinese. Although it will be difficult for some to understand, and fans will have an opportunity to hear first hand the man who makes all China laugh.

The third on tomorrow evening's program is Calla Macque, who is spending a few weeks of rest in Oakland before leaving on a concert tour. Calla Macque is known in Oakland best as Ella McVicker. Outside of the bay district, in the African circles, she is Calla Macque. The congregations of the St. Francis de Sales and St. Joseph's churches, where she has appeared by request a number of times, know her as Miss McVicker. She is also known as Miss McVicker to the radio audience, having entertained from KZM on a previous occasion. Tomorrow evening she will sing "Isle d'Amour," "At Dawning" and "The Star." She will be accompanied by Miss Gladys Henchey.

Zelaya is not only a pianist but a comedian as well. He was educated in Paris and studied under some of the best tutors of Europe. When his father abdicated it was necessary for him to seek employment. He came to New York, where his art was recognized. He was immediately sought for the Orpheum circuit. A day in his tour was necessary due to the closing of the local Orpheum for the summer and his services were secured by the local T. & D. Theater. He was loaned to THE TRIBUNE for tomorrow evening's program.

Radio Editor TRIBUNE: (1) I have an antenna 40 feet high. The wires spread three feet apart. Would I get better results if I spread them four or five feet apart? (2) How far should I receive music with a loose coupler, fixed condenser, detector and a pair of 2000-ohm phones? (3) Give me the hook-up of a loose coupler, fixed condenser, detector and phones. Member OTRC No. 2147.

1. Five feet would be better. 2. Possibly. 3. Diagram herewith:

1. Five feet would be better. 2. Possibly. 3. Diagram herewith:

Radio Editor TRIBUNE: (1) I have an antenna 40 feet high. The wires spread three feet apart. Would I get better results if I spread them four or five feet apart? (2) How far should I receive music with a loose coupler, fixed condenser, detector and a pair of 2000-ohm phones? (3) Give me the hook-up of a loose coupler, fixed condenser, detector and phones. Member OTRC No. 2147.

LESSON NO. 81.

The enormous increase, during the last few months in the number of broadcasting stations, resulting in the need for immediate action to effectively control the installation and operation of radio stations was the main reason for the recent gathering in Washington of the Department of Commerce Conference on Radio-telephony. At the present time all broadcasting stations with the exception of a few government stations are operating on the wavelength of 360 meters which means that the receiving set is tuned to that wave length in order to hear any one of the broadcasting stations which may be within range. If two stations happen to be operating simultaneously the receiving operator may hear them both and it is practically impossible to pick out either one.

If the recommendations of the conference are adopted and made effective there may be a greater possibility of attaining that much talked-of theoretical condition in radio communication when the undesired station may be readily tuned out and the desired station tuned in without interference. Occasionally in practice where the transmitting stations are on slightly different wave-lengths and far enough away to permit of selective tuning of the receiver.

WASHINGTON, June 15.—The weather bureau in a special storm warning today said that reports received by radio indicated the presence of a disturbance of moderate intensity off Tampico, apparently moving northwest. Northeastern warnings were ordered displayed for the coastal region in the vicinity of the mouth of the Rio Grande river.

Any person contemplating a vacation can borrow a camera at The Bowman Drug Co. without cost. In return it is expected that Bowman's will have the opportunity to develop and print the films.

1:00 to 2:00—Fairmont Hotel, concert. (KDN).
2:00 to 3:00—Emporium, concert. (KSL).
3:00 to 3:30—Examiner, concert. (KJQ).
3:30 to 4:30—Rockridge, concert. (KZY).
4:30 to 5:00—Portable Wireless Telephone Co., Stockton, concert. (KWG).
5:00 to 5:30—Fairmont Hotel, concert. (KDN).
5:30 to 6:00—Gould, Stockton, concert. (KJQ).

The theory of the radio compass will be described at a meeting of the Radio Technical Association at 8 o'clock this evening at the Old Fellows' hall, 1918 Grove street. R. Clayton will deliver the address. Announcements of successful tests made by the radio compass have attracted much attention and amateurs are anxious to learn something of its theory of operation. Clayton's talk is but one of a series planned by the association.
